How Literature Saved My Life:

How Literature Saved My Life David Shields, 2013-02-05 Reading How Literature Saved My Life is like getting to listen in on a really great smart provocative conversation The book is not straightforward it resists any single interpretation and it seems to me to constitute nothing less than a new form Whitney Otto In this wonderfully intelligent stunningly honest painfully funny book acclaimed writer David Shields uses himself as a representative for all readers and writers who seek to find salvation in literature Blending confessional criticism and anthropological autobiography Shields explores the power of literature from Blaise Pascal's Pensées to Maggie Nelson's Bluets Renata Adler's Speedboat to Proust's Remembrance of Things Past to make life survivable maybe even endurable Shields evokes his deeply divided personality his ridiculous ambivalence his character flaws his woes his serious despairs Books are his life raft but when they come to feel un lifelike and archaic he revels in a new kind of art that is based heavily on quotation and consciousness And he shares with us a final irony he wants literature to assuage human loneliness but nothing can assuage human loneliness Literature doesn't lie about this which is what makes it essential A captivating thought provoking utterly original way of thinking about the essential acts of reading and writing

How Literature Saved My Life David Shields, 2013-11-05 Blending confessional criticism and cultural autobiography David Shields explores the power of literature to make life survivable maybe even endurable Evoking his deeply divided personality his character flaws his woes his serious despair he wants literature to assuage human loneliness but nothing can assuage human loneliness Literature doesn't lie about this which is what makes it essential This is a captivating thought provoking utterly original book about the essential acts of reading and writing

Collage in Twenty-First-Century Literature in English Wojciech Drag, 2019-11-12 Collage in Twenty First Century Literature in English Art of Crisis considers the phenomenon of the continued relevance of collage a form established over a hundred years ago to contemporary literature It argues that collage is a perfect artistic vehicle to represent the crisis ridden reality of the twenty first century Being a mixture of fragmentary incompatible voices collage embodies the chaos of the media dominated world Examining the artistic sociopolitical and personal crises addressed in contemporary collage literature the book argues that the 21st Century has brought a revival of collage like novels and essays

I Think You're Totally Wrong David Shields, Caleb Powell, 2015-09-01 Caleb Powell always wanted to become an artist but he overcommitted to life his former professor David Shields always wanted to become a human being but he overcommitted to art The stay at home dad three young girls and the workaholic writer eighteen books head to the woods to spend four days together in a cabin arguing life vs art I Think You're Totally Wrong is an impassioned funny probing fiercely inconclusive nearly to the death debate Shields and Powell talk about everything marriage family sports sex happiness drugs death betrayal and of course writers and writing in the name of exploring and debating their central question the lived life versus the examined life There are no teachers or students here no interviewers or interviewees no masters of the universe only a chasm of uncertainty in a dialogue that

remains dazzlingly provocative and entertaining from start to finish James Franco's film adaptation of *I Think You're Totally Wrong* starring the authors premiered in 2015 **Literature and Transformation** Thor Magnus Tønder, 2020-02-19 This book develops a method called intimate reading to investigate how ordinary readers are deeply moved by what they read and the transformative impact such experiences have on their sense of self The book presents unique narratives of such experiences and suggests a theory of transformative affective patterns that may form the basis of an affective literary theory

intellectually and emotionally to the lives of readers throughout the challenging process of representing lived experiences. The book describes the history, development, and purposes of evocative storytelling, provides detailed instruction on becoming a story writer, and living a writing life; examines fundamental ethical issues, dilemmas, and responsibilities; illustrates ways ethnography intersects with autoethnography; calls attention to how truth and memory figure into the works and lives of evocative autoethnographers. *Experimental Life Writing Today* Vanessa Guignery, Wojciech Drag, 2025-10-02. This comprehensive volume offers compelling critical essays surveying the myriad forms of innovation in contemporary Anglophone life writing. *Experimental Life Writing Today* provides a historical and critical context for examining avant-garde tendencies in biography and autobiography and outlines the poetics of experimental life writing. The volume is divided into two parts. The first is devoted to a selection of experimental genres of life writing: autofiction, biofiction, paramemoir, autotheory, graphic memoir, photo memoir, eco memoir, and the lyric essay. Part Two includes chapters concerned with the following themes, concepts, and devices set in the context of experimental life writing: illness, disability, mourning, relationality, place, catalogue, narration, and fragmentation. To ensure clarity and consistency, each chapter follows the same structure: a theoretical discussion of a given notion, comprising a brief discussion of its various aspects and examples, followed by a close reading of a chosen text. Case studies are devoted to significant contemporary works by authors such as Hazel V. Carby, J. M. Coetzee, Anne Garréta, Karen Green, Vona Groarke, Han Kang, Mary Karr, Deborah Levy, Hilary Mantel, Maggie Nelson, Ruth Ozeki, Mark Tredinnick, Una D. J. Waldie, and Wim Wenders. The volume is dedicated to exploring innovative forms of and in contemporary Anglophone life writing and makes an important contribution to a rich and burgeoning field of interdisciplinary practice and research.
