American Secession F.H. Buckley, 2020-01-14 Americans have never been more divided and we re ripe for a breakup The

bitter partisan animosities the legislative gridlock the growing acceptance of violence in the name of political virtue it all invites us to think that we'd be happier were we two different countries In all the ways that matter save for the naked force of law we are already two nations There's another reason why secession beckons says F H Buckley we're too big In population and area the United States is one of the biggest countries in the world and American Secession provides data showing that smaller countries are happier and less corrupt They're less inclined to throw their weight around militarily and they're freer too There are advantages to bigness certainly but the costs exceed the benefits On many counts bigness is badness Across the world large countries are staring down secession movements Many have already split apart Do we imagine that we almost alone in the world are immune We had a civil war to prevent a secession and we're tempted to see that terrible precedent as proof against another effort This book explodes that comforting belief and shows just how easy it would be for a state to exit the Union if that's what its voters wanted But if that isn't what we really want Buckley proposes another option a kind of Secession Lite that could heal our divisions while allowing us to keep our identity as Americans
