Hey! I don't see you with us in [Transformation Week](#) yet?

20,000 achievers are learning the advanced psychological and performance models to become more successful this year.

[Take 1 minute to register free here](#)

Please please don't do 2024 with the same mental models as last year.

I'm giving you 20 years of performance coaching frameworks to sharpen you starting now.

There's a much better way to get your focus, energy and progress back.

But you have to TRAIN that, no just "hope" you're different this year. [Come do the work](#).

– Brendon

P.s. Amazing how this one model you'll learn dictates so much of your confidence and momentum this year!

Anti-Spam Measures Guido Schryen,2007-08-10 I am not sure about the meaning of a preface neither about its convenience or needlessness nor about the addressees However I suppose that it is expected to tell a part of the story behind the story and that it is read by at least two types of readers The rst group consists of friends colleagues and all others who have contributed to the opus in any way Presumably most of them like being named in the preface and I think they deserve this attention because they have accompanied the road to the opus and are thus part of the whole

These second group comprises those academic fellows who are in the same boot as I am in terms of preparing or having even nished their doctoral or habilitation thesis All others be it that they generally like reading prefaces or expect hints with regard to the reading of this book are likewise welcome to reading this preface This book contains most parts of my habilitation thesis which was cepted by the Faculty of Business and Economics of the RWTH Aachen U versity Germany Unfortunately to avoid possible copyright violation I had to omit some paragraphs of the proposed infrastructure framework presented in Chapt 6 If you are interested in the full version of this speci c chapter please contact me schryen gmx net and I will be happy to provide you an electronic copy Usually a thesis represents a loosely coupled collection of published papers cumulative thesis or a classic monograph
