McEwan, 2014-12-15 Songwriting as sensemaking is the approach taken by TG McEwan This book contains the lyrics of all of the songs he sang during a fulltime career in the 1980s and more recent work along with the chords to most of them **The USS Ward** Richard P. Klobuchar, 2015-05-20 In 1940 the threat of war in the Pacific forced the United States to expand its fleet quickly This effort included reconditioning and recommissioning four stackers from the navy's reserve fleet Built in 1918 to fight German submarines the USS Ward earned at Pearl Harbor the distinction of firing the first shot in America's war against Japan In the three years that followed it was bombed shelled strafed and finally sunk on December 7 1944 yet none of her crew of 125 men ever lost a life in combat Information is drawn from naval records as well as from interviews with surviving crewmen Appendices provide Ward technical data a chronology of major events listings of citations earned in World War II and of amphibious landings and a roster of personnel *Betrayal in Dallas* Mark North, 2013-10-01 John F Kennedy was assassinated in Dallas by Mafia contract killers hired by Louisiana mob boss Carlos Marcello Longtime local district attorney Henry Wade an LBJ crony who would have sole jurisdiction over the prosecution of those responsible had been corrupted by the local Civello crime family Lyndon B Johnson while a US senator during the 1950s had accepted bribes from the same mobsters so that they could avoid deportation With incredible detail and documentation Mark North pieces the puzzle together to reveal how in late 1961 US Attorney General Robert Kennedy and his brother John who hated LBJ initiated a covert Organized Crime Task Force investigation of the Civello mob in Dallas Johnson through Wade and local federal officials he had placed in power learned of the plan and cooperated with the Civello mob to have JFK killed Johnson did this in part because he had the power to control any subsequent federal investigation via FBI director J Edgar Hoover After the Mafia killed JFK Johnson stopped Robert Kennedy's prosecution of the Dallas Mafia *Betrayal in Dallas* is unlike any book written on the JFK assassination Because its conclusions are based on classified federal documents unknown to the public and research community it will startle and convince all those who read it *Betrayal in Dallas* is what the American people have been waiting for since November 22 1963 *Mental Nurses Training Manual* David 'Khyber' Close, 2023-05-03

Street,2021-12-28 This book examines the Trump phenomenon and presidency as fascist Fascism here connotes not generically bad politics or a consolidated political economic regime Mussolini s Italy or Hitler s Germany but a set of political movement and ideological traits understood within the context of the neoliberal capitalist era While Trump s election defeat is a respite the nation is far from out of the neofascist woods Defeating the menace will require political and societal restructuring far beyond what is imagined by Democrats This argument is developed across seven chapters that recount Trump s assault on the 2020 election specifically define the meaning of fascism as it is used in this book demonstrate the neofascist nature of the Trump presidency engage intellectual class Trumpism fascism denial analyze the Trump base root Trumpism in a longstanding and indeed founding American white nationalism examine why Trump rose to power when he did and suggest paths for fascism proofing the USA *To the Gates of Stalingrad* David M. Glantz,Jonathan M.

House,2009-04-21 The confrontation between German and Soviet forces at Stalingrad was a titanic clash of armies on an unprecedented scale a campaign that was both a turning point in World War II and a lasting symbol of that war s power and devastation Yet despite the attention lavished on this epic battle by historians much about it has been greatly misunderstood or hidden from view as David Glantz the world s foremost authority on the Red Army in World War II now shows This first volume in Glantz s masterly trilogy draws on previously unseen or neglected sources to provide the definitive account of the opening phase of this iconic Eastern Front campaign Glantz has combed daily official records from both sides including the Red Army General Staff the People s Commissariat of Internal Affairs the German Sixth Army and the Soviet 62nd Army to

produce a work of unparalleled detail and fresh interpretations Jonathan House an authority on twentieth century warfare adds further insight and context Hitler's original objective was not Stalingrad but the Caucasus oilfields to the south of the city So he divided his Army Group South into two parts one to secure the city on his flank one to capture the oilfields Glantz reveals for the first time how Stalin in response demanded that the Red Army stand and fight rather than withdraw leading to the numerous little known combat engagements that seriously eroded the Wehrmacht's strength before it even reached Stalingrad He shows that although advancing German forces essentially destroyed the armies of the Soviet Southwestern and Southern Fronts the Soviets resisted the German advance much more vigorously than has been thought through constant counterattacks ultimately halting the German offensive at the gates of Stalingrad This fresh eye opening account and the subsequent companion volumes on the actual battle for the city itself and the successful Soviet counteroffensive that followed will dramatically revise and expand our understanding of what remains a military campaign for the ages **Political**

Identity and Conflict in Central Angola, 1975-2002 Justin Pearce, 2015-07-02 This book examines the internal politics of the war that divided Angola for more than a quarter century after its independence It emphasises the Angolan people's relationship to the rival political forces that prevented the development of a united nation an aspect of the conflict that has received little attention in earlier studies Drawing upon interviews with farmers town dwellers soldiers and politicians in Central Angola Justin Pearce examines the ideologies about nation and state that elites deployed in pursuit of hegemony and traces how people responded to these attempts at politicisation The book not only demonstrates the potency of the rival conceptions of state and nation in shaping perceptions of self interest and determining political loyalty but also shows the ways in which allegiances could and did change for much of the Angolan population in response to the experience of military force **The Complete Big Nate: #8** Lincoln Peirce, 2015-09-22 Soon to be an animated series with Paramount and Nickelodeon The Complete Big Nate collects every daily and Sunday cartoon ever syndicated Presented in a numbered series of e books each containing one year's worth of strips this is a goldmine for all Big Nate fans to see many cartoons that have never been published in books Aspiring cartoonist Nate Wright is the star of Big Nate As a popular middle grade book character Nate is 11 years old four and a half feet tall and the all time record holder for detentions in school history He's a self described genius and sixth grade Renaissance Man Nate who lives with his dad and older sister has a habit of annoying his family friends and teachers with his sarcasm **Billboard**, 1992-08-08 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Chattanooga 1863** Mark Lardas, 2016-06-16 Following the disastrous defeat at Chickamauga Union forces were in disarray and the tactically vital Chattanooga was under siege and on the brink of falling Secretary of War William Stanton ordered Ulysses Grant to send the Army of Tennessee to reinforce Chattanooga Grant had

already reacted The situation was dire It required outstanding leadership to rescue the situation President Abraham Lincoln decided Grant was the man for the occasion In early October Grant was promoted to command of the Military District of Mississippi and told to clean up the mess created by Chickamauga With those orders a new campaign began the Chattanooga Campaign This book tracks how over the next three months Grant would orchestrate the movements of three Union Armies The Army of the Cumberland The Army of the Tennessee and two Corps from the Army of the Potomac He would lead them into a series of battles that saw them break the siege of Chattanooga before in three battles in three days the Union forces broke the Confederate army entrenched in the heights overlooking Chattanooga **Celebrating Canada** Mathew

Hayday, Raymond B. Blake, 2017-01-06 Holidays are a key to helping us understand the transformation of national regional community and ethnic identities In **Celebrating Canada** Matthew Hayday and Raymond Blake situate Canada in an international context as they examine the history and evolution of our national and provincial holidays and annual celebrations The contributors to this volume examine such holidays as Dominion Day Victoria Day Quebec s F te Nationale and Canadian Thanksgiving among many others They also examine how Canadians celebrate the national days of other countries like the Fourth of July and how Dominion Day was observed in the United Kingdom Drawing heavily on primary source research and theories of nationalism identities and invented traditions the essays in this collection deepen our understanding of how these holidays have influenced the evolution of Canadian identities **Home Front Soldier** Philip L. Aquila, Mary Aquila, Richard Aquila, 1999-01-01 Presents a multi layered social history of a soldier and his Italian American family during World War II **The Legacy of the Siege of Leningrad, 1941-1995** Lisa A. Kirschenbaum, 2009-10-19 The siege of Leningrad constituted one of the most dramatic episodes of World War II one that individuals and the state began to commemorate almost immediately Official representations of heroic Leningrad omitted and distorted a great deal Nonetheless survivors struggling to cope with painful memories often internalized even if they did not completely accept the state s myths and they often found their own uses for the state s monuments Tracing the overlap and interplay of individual memories and fifty years of Soviet mythmaking this book contributes to understandings of both the power of Soviet identities and the delegitimizing potential of the Soviet Union s chief legitimizing myths Because besieged Leningrad blurred the boundaries between the largely male battlefield and the predominantly female home front it offers a unique vantage point for a study of the gendered dimensions of the war experience urban space individual memory and public commemoration
