

FD501D

4-stroke liquid cooled V-twin gasoline engine

Service Manual Supplement

This supplement is designed to be used in conjunction with the FD440V/FD501V/FD590V base Service manual (99924-2041-01). Service operations, procedures, specifications, figures, and limits put in this supplement are only those that are unique to the FD501D engine. These remain almost identical to those put in the base service manual. Complete and proper service of the FD501D engine therefore requires both this supplement and the base service manual. Use the base service manual to see the FD501V engine corresponding to the FD501D engine.
