

The background of the cover is a photograph of a laboratory setting. A person wearing blue nitrile gloves is shown from the chest down, holding a petri dish with red agar. They are using a metal inoculation loop to streak a bacterial culture onto the surface of the agar. The petri dish is held in the left hand, and the loop is held in the right hand. The agar is a vibrant red color, and there are several streaks of white bacterial growth visible. The background is dark and out of focus, showing some laboratory equipment like test tubes and a rack.
