The Schenley Experiment Jake Oresick, 2017-04-14 The Schenley Experiment is the story of Pittsburgh s first public high school a social incubator in a largely segregated city that was highly even improbably successful throughout its 156 year existence Established in 1855 as Central High School and reorganized in 1916 Schenley High School was a model of innovative public education and an ongoing experiment in diversity Its graduates include Andy Warhol actor Bill Nunn and jazz virtuoso Earl Hines and its prestigious academic program and pensions lured such teachers as future Pulitzer Prize winner Willa Cather The subject of investment as well as destructive neglect the school reflects the history of the city of Pittsburgh and provides a study in both the best and worst of urban public education practices there and across the Rust Belt Integrated decades before Brown v Board of Education Schenley succumbed to default segregation during the white flight of the 1970s it rose again to prominence in the late 1980s when parents camped out in six day long lines to enroll their children in visionary superintendent Richard C Wallace s reinvigorated school Although the historic triangular building was a cornerstone of its North Oakland neighborhood and a showpiece for the city of Pittsburgh officials closed the school in 2008 citing over 50

million in necessary renovations a controversial event that captured national attention Schenley alumnus Jake Oresick tells this story through interviews historical documents and hundreds of first person accounts drawn from a community indelibly tied to the school A memorable important work of local and educational history his book is a case study of desegregation magnet education and the changing nature and legacies of America's oldest public schools **Sustainability and**

Educating the Top 100 Percent Stephen G. Katsinas, Nathaniel J. Bray, Martha J. Kanter, 2022-08-23 Educating the Top 100 Percent assesses the decline of higher education funding and offers ambitious policy recommendations to restore the possibility of accessible affordable education for all Stephen G Katsinas Nathaniel J Bray and Martha J Kanter probe the complex interplay of federal state and local policies and illustrate how government actions have over time contributed to the long term slide of US educational attainment Declining federal and state funding of public higher education has forced institutions to revise their financial models passing costs directly through to students to the detriment of prospective

students and the nation Experts in education policy the authors point out how the unintended consequences of today s funding model deny an ever increasing portion of the population important educational and professional opportunities By providing context for how we arrived at this financial conundrum and analyzing robust quantitative data from national sources Katsinas and his colleagues offer pragmatic sustainable and stable policy options for educating all Americans The authors provide innovative ideas key lessons learned and actionable proposals to fund public higher education Their top down federal and bottom up local and state policy solutions aim to rectify plummeting high school to college continuation and college graduation rates As a result they present a vision of a brighter economic cultural and civic future for educating all Americans Educating the Top 100 Percent demonstrates how stable sustainable funding policies can scaffold a better public higher education system for all Routledge Handbook of Contemporary North Korea Adrian Buzo,2020-11-22 The Routledge Handbook of Contemporary North Korea presents a comprehensive picture of contemporary North Korea placed in historical context and set against the overlapping fields of politics economy culture society and foreign relations Spanning a period of significant transition for North Korea this volume provides accurate analysis and applications of both historical and institutional perspectives The volume s chapters are representative of the growth in North Korean studies that has occurred since the 1990s in parallel with the growing maturity of the field in South Korea as well as with far greater levels of access to North Korean sources The volume is divided into five Parts each reflecting an emergent area of debate and research The political perspective The North Korean economy Foreign relations Society Culture This is the first anthology of North Korean studies to demonstrate a clear understanding of North Korea as North Korea as opposed to a dimly perceived and threatening rogue state It features both Korean and non Korean contributors many working from primary source material As such this handbook will prove a valuable resource to students and scholars of Northeast Asian studies modern Korean history and politics and comparative politics more broadly
