Joisil,2010-05-19 All immigrants to America have a story with the American Dream a story sometimes intimately intertwined
with personal dreams My story might be a surprising if not maybe an unexpected one diverging from the usual account of
pitiful existence in Haitis slums or that of struggle for adaptation to Americas way of life by one of Haitis boat people who
landed on South Floridas coast It is a story that starts from the lower plains of the Artibonite Valley in Haiti with a dream
from my great grandfather Joizil Estim and continues in the United States ultimately in Powell Ohio It is the story of a Haitian
immigrant born in the small coastal town of Saint Marc Haiti It evolves with my experiences growing up in my native country
where my formative years were influenced by a connection to a diverse sociocultural environment It progresses with my
interaction with other societal enclaves in foreign lands like Germany and ultimately in the United States It is an account of
dreams fulfilled or unfulfilled due not only to factors such as the convergence of different motivational agents dreambuilders
the winds blowing on corporate America whether in Haiti or the United States but also to different conditions such as
country of origin globalization social class and Afro ethnicity in America dreamkillers It is the story of coping with life
changes of integration into the American mainstream of successes and disappointments of an immigrant from Haiti But it is
more than the story of an immigrant it also reflects in a way the struggle of all immigrants coping with the pursuit of the
American Dream and the quest for adaptation and continuous learning It relates to all those who have wrestled with their
dreams those who have learned to make the best out of lifes circumstances and keep a positive outlook in the era we live in
