

Journal Questions: Chapter 11

*These questions are meant to be answered **before** you read the chapter. You are not expected to look up the answers. They are intended to get your thoughts on upcoming material. These are not graded on how correctly you answer, rather, that you attempted the question and gave a thought out answer. If you do not know an answer take an educated guess. You must elaborate on all answers and try to tie in personal experience and answer ALL PARTS OF EVERY QUESTION. Answers should be longer than 1 sentence and no credit will be given to yes/no answers.

1. What is your work experience up to this point in your life? Where have you worked? How long were you there? Did you like it? Why did you stop working there?

Two years ago, my employment came to an end. Before my injury, I was the youngest karate master, but I am no longer able to do that duty. Around the age of 12, I began instructing martial arts. I gained a lot of self-assurance and independence from the experience.

2. What is your ultimate dream job? Why? What aspects of the job makes it your dream job?

My ultimate dream job would be to improve fetal surgery with a focus on fetal neurosurgery, while minimizing the psychological negative effects of operation. For many reasons, I find being a fetal surgeon fascinating. I am the type of person who enjoys learning about complex anatomy and physiology and I enjoy working with children since I firmly believe that today's youth will shape the world's future. As a fetal surgeon, one of the aspects of my dream job is that I care for both the mother and the unborn child. In order to reduce the cost of care that most people are unable to provide, I hope to intervene during the earliest phases of embryonic development and treat brain abnormalities.

3. What types of jobs do you think you would not enjoy? Why not? What aspects of that job do you think you would dislike? Why? I believe the job I would not enjoy is one where there is little chance for advancement and there are insufficient resources.

4. What is your major? Tell me about how you are going to go from where you are now to your dream job? How is your major helping you get there? What are you going to have to do after you graduate to make this happen?

Respiratory care is my area of study To be financially stable, I'm wanting to specialize in neonatal respiratory care before applying to medical schools.
