It provides information, analysis and comment on recent developments in Family Law across the world on a country-by-country basis. The Survey is published annually and its subtitle reflects the calendar year surveyed. Where a country has been regularly surveyed each year, the developments discussed correspond to the year in question. If certain countries have not been surveyed for some years, the contributions will usually attempt to cover the intervening period. If countries are being covered for the first time, then more background information will be provided about the state of family law in the country in question. The Survey also contains an article dealing with the more significant developments in international law affecting the family.
