Processing Department,1962 Mathematics and Science Content Standards and Curriculum Frameworks Rolf K.

Blank,State Education Assessment Center (Council of Chief State School Officers),1997 The Council of Chief State School
Officers CCSSO collaborating with Policy Studies Associates and a panel of experts in mathematics and science education
has completed a study of states curriculum frameworks development and standards setting from 1994 The Council study
analyzed the content and quality of state frameworks and standards documents and examined how states are working with
local educators on implementation This report describes the changing landscape of framework development and standards
setting in the United States and identifies emerging issues for practitioners and policy makers The study was conducted with
three kinds of data concerning the current situation of state standards and frameworks in mathematics and science A
concept mapping analysis of all state curriculum frameworks and standards documents in mathematics and science was
completed In order to identify all current state documents works in progress and dissemination and implementation activities
interviews were held with state mathematics and science education specialists With the aggregated information from these
sources a report that focuses on current and emerging policy issues pertaining to the implementation of standards based
reform in mathematics and science education was developed Contains 27 references Author ASK Journal of Geoscience
Education ,2007
