N Colangelo

Grade 11 June 2013 Previous Question Paper:

Conference proceedings. New perspectives in science education Pixel,2014 A Smarter Charter Richard D. Kahlenberg,Halley Potter,2014-09-19 Moving beyond the debate over whether or not charter schools should exist A Smarter Charter wrestles with the question of what kind of charter schools we should encourage The authors begin by tracing the evolution of charter schools from Albert Shanker s original vision of giving teachers room to innovate while educating a diverse population of students to today s charter schools where student segregation levels are even higher than in traditional public schools In the second half of the book the authors examine two key reforms currently seen in a small but growing number of charter schools socioeconomic integration and teacher voice that have the potential to improve performance and reshape the stereotypical image of what it means to be a charter school
