Teaching Social Studies in Middle and Secondary Schools

Peter H. Martorella,1996 1724Q 6 0 13 117244 1 Martorella Peter H Teaching Social Studies in Middle and Secondary Schools 4 E This readable accessible book offers prospective teachers a comprehensive introduction to teaching social studies to middle and secondary school students With the purpose of social studies being the development of reflective competent concerned citizens the book first examines the origins and evolution of social studies and citizenship education across the United States Following this targeted chapters address the art science and craft of social studies teaching as a means for engaging learners in knowledge construction In the final section the authors look at ways to improve social studies instruction through the incorporation of emerging technology into the social studies curriculum For middle and secondary school social studies teachers **Course of Study in History, Civics, and Geography, Grades I to VIII** Baltimore County

(Md.). Board of School Commissioners,1921 **Teaching Social Studies** James Litle,Gerald L. Wilson,Virginia Wilson,1993-01-30 Just as society has changed dramatically over the last century so have the social sciences This valuable reference chronicles the historical development of social studies as a discipline in elementary and secondary schools It also assesses the current state of teaching and research in the social sciences and history at the pre college level and it charts new directions for the future of social studies in secondary and elementary schools By tracing the historical development of social studies the reference indicates how social studies has constantly been redefined to meet the changing needs and expectations of society At the same time the historical context provided by the authors sheds new light on the current state of social studies in the curriculum and the development of social studies in the future The book begins with introductory chapters that overview themes and issues common to all areas of history and the social sciences The chapters that follow summarize and assess the developments and trends of particular fields commonly thought to constitute social studies The

volume concludes with chapters on broad topics including the place of religion in the social studies curriculum the role of writing in history and the social sciences and the professional training of social studies teachers Each chapter begins with a section of reflections on the development of the discipline followed by a section on current issues and trends followed by a final section of projections for the future of the discipline The result is a comprehensive overview of the past present and future of social studies in elementary and secondary schools and an indispensable reference for educators historians and social scientists
