Elephants are mammals and herbivores. They belong to a group called ungulates for a long time, with their long tusks and trunks. Elephants are highly social animals, which are led by the oldest and largest. Elephants communicate with each other using a variety of sounds, such as trumpeting, rumbling, and growling. The trunk of an elephant has many uses. Elephants have a great sense of smell and can even smell the passing of time. They are surprisingly good swimmers. They use their trunks to drink and can swim long distances.
