Introduction To Tourism Transport Cabi Tourism Texts:

Introduction to Tourism Transport Sven Gross, Louisa Klemmer, 2014 This book is designed as an introductory text to provide students and other interested parties with the necessary background information to gain a comprehensive understanding of the tourism transportation markets. Transportational modes air ground and water based are defined and the different types of transportation available within each mode as well as their particular use within the tourism industry are elucidated from a mainly European and North American perspective. Historical developments of each market are also presented in order to facilitate a deeper understanding of the subject matter before presenting current demand and supply trends. Furthermore in order to understand the operational environment applicable international institutional frameworks selected national or regional agreements and industry associations are presented. The book has 10 chapters. Introduction

to Tourism Transport Sven Gross, Louisa Klemmer, 2014-08-26 Transport is an inherent part of tourism whether as a functional means of transportation such as between origin and destination or within the destination or as a key element of the holiday experience itself as in cruising or traveling along scenic or historic routes. This book provides the necessary background information to gain a comprehensive understanding of transportation markets with each of the three modes of transportation air ground and marine explored in detail. Each section includes definitions the historical development of the market and international institutional frameworks with case studies learning objectives and study questions incorporated to facilitate an active learning process.
