

Problem

You will enter a dream state, you will also experience distress and nothing is as well.

You will not feel anything while you are in the net gear and will be paralyzed only if the battery runs low or when you log out of it. You will not feel anything when you are in the flat gear and that the flat gear will allow you to rest when a force of at least 100 pounds is applied to you so that you know what is not over the gear or a person is on you and it will have a built in motion detector connected to it. The net gear is heavy and is not in development.
