Investments 8th Edition International:

Investments Zvi Bodie, Alex Kane, Alan Marcus, 2010-09-17 Bodie Kane and Marcus Investments sets the standard for graduate MBA investments textbooks. It blends practical and theoretical coverage while maintaining an appropriate rigor and a clear writing style. Its unifying theme is that security markets are nearly efficient meaning that most securities are priced appropriately given their risk and return attributes. The text places greater emphasis on asset allocation and offers a much broader and deeper treatment of futures, options, and other derivative security markets than most investment texts. It is also the only graduate Investments text to offer an online homework management system. McGraw Hill's Connect Finance

Handbook of Research on Applied AI for International Business and Marketing Applications Christiansen, Bryan, Škrinjarčić, Tihana, 2020-09-25 Artificial intelligence (AI) describes machines/computers that mimic cognitive functions that humans associate with other human minds such as learning and problem solving. As businesses have evolved to include more automation of processes, it has become more vital to understand AI and its various applications. Additionally, it is important for workers in the marketing industry to understand how to coincide with and utilize these techniques to enhance and make their work more efficient. The Handbook of Research on Applied AI for International Business and Marketing Applications is a critical scholarly publication that provides comprehensive research on artificial intelligence applications within the context of international business. Highlighting a wide range of topics such as diversification, risk management, and artificial intelligence, this book is ideal for marketers, business professionals, academicians, practitioners, researchers, and students.

Investment Analysis & Portfolio Management Frank K. Reilly, Keith C. Brown, Brindha Gunasingham, Asjeet Lamba, Dr Frank Elston, 2019-11-19 This first Asia Pacific edition of Reilly Brown's *Investment Analysis and Portfolio Management* builds on the authors' strong reputations for combining solid theory with practical application and has been developed especially for courses across the Australia, New Zealand, and Asia Pacific regions. The real-world illustrations and hands-on activities enhance an already rigorous empirical approach to topics such as investment instruments, capital markets, behavioural finance, hedge funds, and international investment. The text also emphasises how investment practice and theory are influenced by globalisation.
