■ National Competition ■

Regional Round

Problems 1-100

Name \_\_\_\_\_

**DO NOT BEGIN UNTIL TOLD AND  
STOP WHEN TOLD SO.**

This contest is the competition portion of MathCounts. You will have 40 minutes to complete all the problems. You are encouraged to use calculators, pencils or other aids during this contest. Calculators using the Reverse Polish Notation (RPN) are not permitted. Answers and calculations become yours. However, any final answers on the solutions are right-hand columns of the competition booklet. If you complete the problems before time is called use the extra space to include your answers.

In each subevent of the competition, the problems are grouped into the groups as indicated under each label. The group label at the bottom of the problem page is the label required to release the problem page at that time. The next problem on the answer book is the only one at the contest that is to be completed.
