

Top 150 Ideas for Research Paper Topics 2020

Some say the most difficult part of writing a text – is to start. But topic selection even precedes this starting point. This activity takes off a lot of time, and sometimes imagination just doesn't work in your favor. That's where our list of best research paper topics will come in handy.

We collected the most un-hacked and powerful ideas to turn the average piece of writing into a [research paper](#). Discover: [what is a research paper](#) and how to choose suitable and interesting research topics with our help? Or if you are a lazy student - use our [essay writing service](#).

Writing a research topic on your own requires either producing one from scratch (based on your interests and goals and potentially, on some brainstorming) or getting inspiration from a number of sources, like preassembled topic lists, course material, teachers, real life, news headlines, published research in the respective field, etc.
