**Note:** The preheat indicator light will turn on and off during cooking to indicate your desired temperature is being maintained.

### GRILLING

1. Using a pot holder, carefully open the preheated grill.

**Note:** The George Tough™ nonstick coating on the plates is designed to work without oil, butter or cooking spray. If desired, you may use oil or butter. However, aerosol cooking spray should never be used; chemicals that allow spray to come out of can build up on the surface of the plates and reduce their efficiency.

2. Carefully place foods to be cooked on lower grill plate. This grill accommodates up to 4 servings.

**Note:** Do not overload grill.

3. Close the cover and allow food to cook for the selected time. If desired, use a kitchen timer.

**Note:** Use suggested cooking times found in the GRILLING CHART on pages 6, 7 and 8.

**Important:** Do not leave the appliance unattended during use.

4. Light pressure can be used on the handle to press and heat food to your liking.

**Important:** Do not use heavy pressure on the handle of the grill at any time.

5. After selected time, the food should be done. If you would prefer longer cooking, simply follow the steps beginning at step 3.
