Harry Potter and the Classical World Richard A. Spencer, 2015-07-20 J. K. Rowling has drawn deeply from classical sources to inform and color her Harry Potter novels with allusions ranging from the obvious to the obscure Fluffy the vicious three-headed dog in *Harry Potter and the Sorcerer's Stone* is clearly a repackaging of Cerberus the hellhound of Greek and Roman mythology But the significance of Rowling's quotation from Aeschylus at the front of *Harry Potter and the Deathly Hallows* is a matter of speculation Her use of classical material is often presented with irony and humor This extensive analysis of the Harry Potter series examines Rowling's wide range of allusion to classical characters and themes and her varied use of classical languages Chapters discuss Harry and Narcissus Dumbledore's many classical predecessors Lord Voldemort's likeness to mythical figures and magic in Harry Potter and classical antiquity among many topics

Hellenism and the Primary History Robert Karl Gnuse, 2020-09-30 This collection of essays seeks to demonstrate that many biblical authors deliberately used Classical and Hellenistic Greek texts for inspiration when crafting many of the narratives in the *Primary History* Through detailed analysis of the text Gnuse contends that there are numerous examples of clear influence from late classical and Hellenistic literature Deconstructing the biblical and Greek works in parallel he argues that there are too many similarities in basic theme meaning and detail for them to be accounted for by coincidence or shared ancient tropes Using this evidence he suggests that although much of the text may originate from the Persian period large parts of its final form likely date from the Hellenistic era With the help of an original introduction and final chapter Gnuse pulls his essays together into a coherent collection for the first time The resultant volume offers a valuable resource for anyone working on the dating of the Hebrew Bible as well as those working on Hellenism in the ancient Levant more broadly

Laughing Atoms, Laughing Matter T. H. M. Gellar-Goad, 2020-02-14 *Laughing Atoms Laughing Matter* Lucretius *De Rerum Natura* and Satire offers the first

comprehensive examination of Roman epic poet Lucretius engagement with satire Author T H M Gellar Goad argues that what has often been understood as an artfully persuasive exposition of Epicurean philosophy designed to convert the uninitiated is actually a mimesis of the narrator s attempt to effect such a conversion on his internal narrative audience a performance for the true audience of the poem whose members take pleasure from uncovering the literary games and the intertextual engagement that the performance entails Gellar Goad aims to track *De Rerum Natura* along two paths of satire first the broad boulevard of satiric literature from the beginnings of Greek poetry to the plays essays and broadcast media of the modern world and second the narrower lane of Roman verse satire *satura* beginning with early authors Ennius and Lucilius and closing with Flavian poet Juvenal Lucilius is revealed as a major yet overlooked influence on Lucretius By examining how Lucretius poem employs the tools of satire we gain a richer understanding of how it interacts with its purported philosophical program
