Investing 101 Matthew Barnes,2015-03 LOOKING FOR A SAFE AND SIMPLE INVESTING METHOD THAT DOESN T TAKE YEARS OF ACADEMIC MARKET STUDY Then You Will LOVE This Book The reason most people do not invest for themselves is because they feel they cannot safely or effectively do it without an in depth knowledge of the market and everything in it This has not been my experience and this is what this book is about I spent years learning both fundamental and technical analysis of the markets I spent years following TV and internet gurus I spent years reading books and learning and testing out different investing and trading strategies from the unbelievably complicated to the unabashedly simple What I discovered over years of trial and error was three things First that I can do at least as good as the experts on TV and usually better Second that my money is safer with me controlling it than with anybody else And last that the simpler the approach the better the returns and the more enjoyable the process becomes In my experience you do not need to understand the inner workings of the market in order to make good returns You do not need to be able to evaluate the fundamentals of a company as well as Warren Buffett or be an expert at chart reading to make good money You don t even need to know most of the fancy terms out there like Bollinger Bands Fast Stochastics Slow Stochastics and RSI s In short you don t need to spend years academically studying the markets in order to make very good returns If you are looking for a guide to understanding a wide variety of market terminology and investing
