courts staffed by private lawyers not judges are able to order governments to pay these investors billions for policies and decisions they object to In simple language and easy to follow analysis Van Harten offers a window into this secretive and obscure world He documents the many ways Canadians lose out in the China Canada deal and how taxpayers may find themselves footing the bill for billions of dollars to Chinese investors who object to the actions of democratically elected municipal provincial and federal governments This deal in place for a minimum 15 years includes terms that may well turn up in other trade and investment agreements Gus Van Harten offers practical steps for a better more informed public debate on this vital topic Canadian Books in Print ,1985 *Journal of the House of Representatives of the United States* United States.
