[The Chinese Roots of Linear Algebra](#) Roger Hart, 2011-01-01 A monumental accomplishment in the history of non Western mathematics The Chinese Roots of Linear Algebra explains the fundamentally visual way Chinese mathematicians understood and solved mathematical problems It argues convincingly that what the West discovered in the sixteenth and seventeenth centuries had already been known to the Chinese for 1 000 years Accomplished historian and Chinese language scholar Roger Hart examines Nine Chapters of Mathematical Arts the classic ancient Chinese mathematics text and the arcane art of fangcheng one of the most significant branches of mathematics in Imperial China Practiced between the first and seventeenth centuries by anonymous and most likely illiterate adepts fangcheng involves manipulating counting rods on a counting board It is essentially equivalent to the solution of systems of N equations in N unknowns in modern algebra and its practice Hart reveals was visual and algorithmic Fangcheng practitioners viewed problems in two dimensions as an array of numbers across counting boards By cross multiplying these they derived solutions of systems of linear equations that are not found in ancient Greek or early European mathematics Doing so within a column equates to Gaussian elimination while the same operation among individual entries produces determinantal style solutions Mathematicians and historians of mathematics and science will find in The Chinese Roots of Linear Algebra new ways to conceptualize the intellectual development of linear algebra

Bringing School Reform to Scale Heather Zavadsky, 2009 Bringing School Reform to Scale looks in detail at five school districts that have been honored in recent years by The Broad Foundation whose annual award is granted each year to the urban school districts that demonstrate the greatest overall performance and improvement in student achievement while reducing achievement gaps among poor and minority students Heather Zavadsky examines five Broad Prize winners Long Beach Unified School District Garden Grove Unified School District Norfolk Public Schools Boston Public Schools and Aldine Independent School District As she notes the successes highlighted in this book do not represent one year positive performance blips in these districts and this book does not provide a list of best practice silver bullets that sound effective but cannot be applied outside a unique context Rather the book describes the paths these districts have taken over years of intentional sustained patient focus on improving teaching and learning that fully aligns instructional practices across all organizational levels of a school system something that can be

done in any district given the right knowledge and tools Bringing School Reform to Scale is a volume in the Educational Innovations series This book offers an unusually detailed look inside some of our best run school districts Heather Zavadsky offers honest assessments highlighting not only the inspiring successes but also the many daunting challenges that remain Very enlightening Ronald F Ferguson faculty cochair and director of the Achievement Gap Initiative Harvard University Bringing School Reform to Scale highlights the practices in five districts that won the prestigious Broad Prize and shows how important fundamentals of good practices including rigorous standards aligned curriculum and smart investments in human capital can lead to great schools and successful districts Mark Schneider vice president American Institutes for Research former commissioner of the National Center for Education Statistics The media are good at spotlighting random school successes education reforms that subsequently seem to evaporate Why is it so difficult to sustain and spread productive change from school system to school system The answers to these questions are crucial and Bringing School Reform to Scale is a powerful contribution to an accumulation of knowledge regarding these issues James W Guthrie Patricia and Rodes Hart Professor of Educational Leadership and Policy Vanderbilt University The analysis of the five high performing districts points to practices beliefs systems and structures that have led to dramatic turnarounds The compilation of this work provides a road map toward scalable reform William R Hite superintendent Prince George s County Public Schools Maryland Heather Zavadsky is director of policy and communications at the Institute for Public School Initiatives for the University of Texas system
