A Travel Guide to Jewish Russia & Ukraine Frank, Ben G., 2010-09-23. A priceless asset to any traveler whose goal is to explore the Jewish past of these two historical countries. The Jewish Advocate. The author follows in the footsteps of his namesake, the rabbi explorer of the twelfth century Benjamin of Tudela, to create the first all-encompassing guide to Jewish Russia and Ukraine, with stops in Bulgaria and Romania. Until Communism fell, the Jews of Russia and Ukraine had been suppressed and denied human and religious rights. Today, not only are they reborn, but they are rebuilding a new vibrant community for the twenty-first century. Frank explores this rebirth and guides both first-time and experienced travelers to Jewish and historical sites. He profiles synagogues, monuments, and schools that can be found in such cities as St. Petersburg, Moscow, Kiev, Odessa, and even Kishinev in Moldova. Approximately 120 years ago, the majority of the world's Jews lived in what was called the Pale of Settlement in the Russian Empire. Most American Jews today trace their ancestry to Russia and the surrounding territories, especially Ukraine. *A Travel Guide to Jewish Russia & Ukraine* will aid those visiting places where relatives once lived, as well as those simply in search of history.

Remembering the Cold War David Lowe, Tony Joel, 2014-01-21 Remembering the Cold War examines how more than two decades since the collapse of the Soviet Union, Cold War legacies continue to play crucial roles in defining national identities and shaping international relations around the globe. Given the Cold War's blurred definition, it has neither a widely accepted commencement date nor unanimous conclusion as to what is to be remembered. This book illustrates that there is, in fact, a huge body of remembrance and that it is more pertinent to ask what should be included and what can be overlooked. Over five sections, this richly illustrated volume considers case studies of Cold War remembering from different parts of the world and engages with growing theorisation in the field of memory studies, specifically in relation to war. David Lowe and Tony Joel afford careful consideration to agencies that identify with being victims of the Cold War. In addition, the concept of arenas of articulation, which envelops the myriad spaces in which the remembering, commemorating, memorialising, and even revising of Cold War history takes place, is given prominence.
