Mother Bashing Does She Deserve It:

Mother Bashing Nancy Estelle Perry, 2014-12-01 This is a book inspired by mother blame in the author's life. It is about the causes of mother bashing and relationships between mothers and their adult children. Most mothers are women but fathers as well as anyone else may also fulfill the role of mother. The book includes theoretical ideas and examples from actual clinical cases from the author's practice as a Clinical Psychologist to illustrate meanings. The first part of the book defines mother bashing, explains what a good enough mother really is, explores some of the reasons society has blamed mothers, and whether that blame was warranted, as well as addressing the normal healthy aspects of mother blame as related to normal differentiation and individuation. The second part of the book focuses on exploring the issues in our world today that can cause harm to developing children, as well as factors that may cause conflict between mothers and children. Single Parenting, child Abuse, Social Change, and the Technological Revolution can harm children. Children and parents may have different memories causing great conflict. The last part of the book recognizes the profound need for mothering at many levels, beginning with our own children and expanding this to the world. It is designed to help readers assimilate what they learned about mother blame and integrate it with what they learned about themselves. The last chapter provides concrete suggestions to help readers deal with anger and learn to forgive themselves and others. The end of the book is really only the beginning of the next step forward. The book is not written to vindicate mothers or to blame them. Blame already exists. It is not a book about how to be a good parent, but it provides good parenting advice. It is a book that sheds a different light on mothering and parenting today and provides information about how to cope with discord in cross-generational relationships. It challenges mothers, fathers, and their children to evaluate themselves as they read. It includes a pilot study that interviewed 47 mothers about their experiences. The author designed a survey to discover more information about the pain mothers and their adult children are experiencing in their relationships with each other. The survey is at the end of the book and may be taken by anyone over the age of 18 on the author's web site: drnancyperryauthor.com. Information from the survey will be posted on the author's website monthly. Research results may be used in future books. **Mother Bashing** Nancy E. Perry, 2014-12-02 This is a book inspired by mother blame in the author's life. It is about the causes of mother bashing and relationships between mothers and their adult children. Most mothers are women but fathers as well as anyone else may also fulfill the role of mother. The book includes theoretical ideas and examples from actual clinical cases. It is a book for everyone who has a mother or is a mother. It is for both men and women, including those who deserve blame and those who don't. Teenagers may find it a helpful tool to better understand themselves and their parents. This book helps parents become aware of factors within families as well as in society today that harm their children. It demystifies what a good mother really is and provides concrete suggestions on how to deal with problems between mothers and their adult children, as well as strategies to heal. Mothers and adult children will be better able to understand each other and themselves after reading this.

You Have the Right to Remain Puzzled Parnell Hall, 2008-12-10 When Benny Southstreet a small time hustler with a big time gift for constructing crosswords accuses Cora of stealing one of his creations it s clearly a case of mistaken identity until Cora s own attorney files a plagiarism suit against her To add to the enigma when Benny is found dead the police charge Cora with his murder At the heart of the matter is the not so little white lie Cora has been living for years assuming the grandmotherly public face of her publicity shy niece Sherry who designs crossword puzzles and publishes them under Cora s name aka the Puzzle Lady It turns out that Sherry s and Benny s cruciverbalist paths had recently crossed resulting in the current incriminating conundrum As if Sherry s wedding engagement jitters and a nasty battle over missing antique chairs weren t enough to deal with now Cora has to solve the ultimate mystery how to keep the secret of her identity without losing her life Because not only does all evidence point to Cora but someone seems to want her dead It looks like a riddle with no answer Luckily for Cora and Sherry that s their favorite kind *Nigel's Dream* Errol Shaw, 2013-02-15 Synopsis At an early age a young girl met and fell in love with a good looking boy who often visited the Kingston wharf to swim with other boys It was close to this area that Doreen met and fell in love with this boy known to others only as Roy This boy was the oldest of the pack of boys who he often hangs out with at the wharf She had no idea what would become of her life It did not take long before the two became really close Although Doreen was under age she failed to follow her mother s advise and was sexually involved with the boy she met She became pregnant and later gives birth to a child with amazing capabilities From the inception of his birth Nigel was deemed a child of mystery and remarkable talent He had visions in the world that many people including his family could not believe At a young age he was able to tell vivid stories of his dreams and imaginations to his family that at times appeared to be seemingly real Even in school he developed the ability to read and write much quicker than others who were not able to at his level Who knew that one day this young boy would rise above it all Only time will give an account to what kind of man Nigel would grow up to be as he get over the spirits that followed the family for most of his young life Incredibly his family dug deeper to explore the visions and talent this youngster possessed They would later realize that there is more to his talents that set him apart from other children They would later find out most of his talents would stem from spirits teaching him the basic principles of learning to read and write Soon enough the thoughts of dealing and finding ways to evade ghost would overwhelm them The spirits would haunt them everywhere they traveled However despite all their fears casted by ghosts Nigel was the least fearful of the crack walls the rising bed and the falling clock Ultimately their vision and hope to rise against it all will one day become a possibility **Know the Mystery** Mary Scott Daugherty, 2008 Daugherty s essays are based on the learnings of her long interesting and nontraditional life a life she reflects on with gratitude and satisfaction When You and Your Mother Can't Be Friends Victoria Secunda, 2009-11-04 A book of great value for every daughter and every mother useful for sons too Benjamin Spock M D From the Introduction The

goal of this book is to help readers achieve that separation so that they can either find a way to be friends with their mothers or at least recognize and accept that their mothers did the best they could even if it wasn't good enough and to stop blaming them. Among the issues to be covered: To understand how a daughter's attachment to her mother more so than her relationship with her father colors all her other relationships and to analyze why it is more difficult for daughters than sons to separate from their mothers as well as why daughters are more subject than sons to a mother's manipulation. To recognize the difference between a healthy and a destructive mother-daughter connection and to define clearly the bad mommy in order to help readers who have trouble acknowledging their childhood losses to begin to comprehend them. To conjugate what I call the Bad Mommy Taboo why our culture is more eager to protect the sanctity of maternity than it is to protect emotionally abused daughters. To describe the evolution of the unpleasable mother in all likelihood she was bereft of maternal love as a child and to recognize the huge and often poignant stake she has in keeping her grown daughter dependent and off balance. To illustrate the consequent controlling behavior in some cases cloaked in fragility or good intentions of such mothers which falls into general patterns including the Doormat the Critic the Smotherer the Avenger the Deserter. To understand that the daughter has a similar stake in either being a slave to or hating her mother the two sides of her dependency and immaturity. To illustrate the responsive behavior and survival mechanisms of daughters which is determined in part by such variables as birth rank family history and temperament and which also falls into patterns including the Angel the Superachiever the Cipher the Troublemaker the Defector. To show how to redefine the mother-daughter relationship so that each can learn to see and accept the other as she is today appreciating each other's good qualities and not being snared by the bad. Finally to demonstrate that a redefined relationship with one's mother adult to adult frees you from the past whether that redefinition ultimately results in real friendship affectionate truce or divorce.
