Handbook of Attitudes, Volume 2: Applications Dolores Albarracin,Blair T. Johnson,2018-10-10 Attitudes are evaluations of people places things and ideas They help us to navigate through a complex world They provide guidance for decisions

about which products to buy how to travel to work or where to go on vacation They color our perceptions of others Carefully crafted interventions can change attitudes and behavior Yet attitudes beliefs and behavior are often formed and changed in casual social exchanges The mere perception that other people say rich people favor something may be sufficient to make another person favor it People s own actions also influence their attitudes such that they adjust to be more supportive of the actions People s belief systems even change to align with and support their preferences which at its extreme is a form of denial for which people lack awareness These two volumes of The Handbook of Attitudes provide authoritative critical surveys of theory and research about attitudes beliefs persuasion and behavior from key authors in these areas This second volume covers applications to measurement behavior prediction and interventions in the areas of cancer HIV substance use diet and exercise as well as in politics intergroup relations aggression migrations advertising accounting education and the environment

Motivation - Mechanisms of the Mind and their Quest for Expression Menno A. Mennes,2025-10-01

This volume presents a first introduction to a thought provoking Model of Motivation developed by Menno Mennes over a period of almost thirty years The Model of Motivation in its approach presents a radical departure from everything that has appeared so far in literature on the subject And yet it provides a surprisingly detailed account of how motivation works which appears to be supported by findings from theories and research from current literature In an unparalleled analysis the Model seamlessly integrates these major theories into a consistent comprehensive approach to motivation explaining not only the essentials of each theory but also providing explanations for controversies that have hitherto remained largely unresolved Motivation appears to be an inner dialogue a stepwise partly cyclical Process in which we deal with our surroundings that often interfere in our ambitions our wishes and desires Deep personal insights into those Mechanisms of the Mind reveal implications that may lead to a fundamental new understanding of the origins of many disturbing issues we witness in present day society including neglect and denial intolerance discord and polarization
