Dominant Language Constellations Joseph Lo Bianco, Larissa Aronin, 2020-09-07 This volume is dedicated to the concept and several applications of Dominant Language Constellations DLC by which it advances understanding of current multilingualism through addition of a novel perspective from which to view contemporary language use and acquisition The term Dominant Language Constellation denotes the set of a person's or group's most expedient languages functioning as an entire unit and enabling an individual or group to meet their needs in a multilingual environment The volume presents pioneering contributions that employ DLC as the lens for analysing a wide array of issues These include multilingual syntactic development cross linguistic interaction and multilingual production in formal and informal educational contexts as well as linguistic profiles of multilingual groups used in elementary school and higher education Other DLC issues include discussions of how identity emotions and attitudes operate in various minority and majority contexts Because the DLC concept does not assume any inherent hierarchy of languages it can serve as a framework public policy in multilingual countries communities faced with challenging policy determinations regarding choice of languages for use in education settings and more widely in social institutions and the economy Some chapters develop and extend the DLC concept others adapt and apply it to a variety of contexts both global and local Many chapters feature educational and social settings across large parts of the world Africa Australia Europe North America Canada and the USA and Southeast Asia The volume can serve as supplementary reading for courses on multilingualism sociolinguistics language policy and planning educational linguistics Second and Third Language Acquisition

Norms and Illegality Walter E. Little, Cristiana Panella, 2021-05-06 Norms and Illegality Intimate Ethnographies and Politics explores liminal and illegal practices in relation to political control and cultural normativity The contributors draw on years of ethnographic experiences in Greece Guatemala Hong Kong Italy Madagascar Mali Philippines and Thailand to study the contradictions of what is legal and illegal They explore the production of illegal subjects by the state the creation of illegal and normative values by liminal and illegal actors and the mutual entanglements of legal and illegal in the public domains of markets and trade networks This volume shows that criminalization policies are not necessarily oriented toward erasing crime Instead the contributors maintain that opaque spaces ensure the efficacy of control and outwardly conform to the rhetoric and ethics of global neoliberalism Within these contexts the contributors shed light on moral economies and frames of value entailed in systems of representation that have been set up by individuals who are deemed illegal liminal or deviant in their confrontations with the state This book is recommended for students and scholars of anthropology political science and urban studies

Legal Histories of Empire Lyndsay Campbell, Shaunnagh Dorsett, 2024-10-11 This collection brings together an international group of scholars in order to provide new insights into the diversity of imperial legalities Across empires legalities were produced not just or even through the imperial imposition of laws and legal forms but through local processes of negotiation and contestation Far from

the metropolises local actors found ways to creatively navigate and subvert imperial frameworks and laws and to create space in which to shape new legalities responsive to local circumstance and need Covering topics as diverse as smuggling in eighteenth century Jersey the criminalisation of female market women in World War II era southern Nigeria and whiteness and race in sexual perversion cases in twentieth century Malaya the collection elaborates new legal histories of empire Drawing from Britain Ireland Australia Canada the USA India Sri Lanka Africa and Malaysia the collection brings together chapters that examine the stories of the peoples of empires and shows how they constituted experienced navigated and subverted the legal complexities of living under empire This book will be of interest to scholars and researchers in law and history but also to those with relevant interests in post colonial and cultural studies as well as in criminology and sociology

Go Golden Dillon Naber Cruz,2018-12-13 Symptoms of broken systems are all around us due to our over consumptive lifestyles nearly unfettered capitalism failure to live peaceably together and the societal dismissal of nature s limits Climate change is our new reality and we must respond to that immediately Fortunately the world s faith traditions in general and Christianity specifically have given us a spiritual path to follow that can alleviate these problems When the golden rule is coupled with the ethics and principles of permaculture in theory and in practice then humanity and the diversity of other species can harmoniously thrive together Go Golden like a weather vane points the reader towards the path forward

Chinese Media in Africa Emeka Umejei,2020-07-23 Chinese Media in Africa Perception Performance and Paradox analyzes the debate on Chinese media expansion in Africa and its implication for the African media landscape by engaging with African journalists who train and work in Chinese media organizations based in Africa Emeka Umejei analyzes how African journalists that enter the sphere of Chinese media often with libertarian notions of journalism are able to navigate the collisions and collusions that inform journalism in these settings Through extensive interviews with African journalists Umejei explores the constant negotiation of freedoms including the ability to always work in relation to African reality within state controlled media organizations These interviews bring to light the paradoxical nature of Chinese media organizations that both preach equality with Africa and simultaneously promote Chinese hegemony in the media highlighting the diverse contours that shape and influence journalism practices in these settings Scholars of journalism media studies African studies international relations and sociology will find this book particularly useful China and East Africa Chapurukha M.

Economic and Social Perspectives on European Migration Francesca Fauri, Debora Mantovani, Donatella Strangio, 2020-12-29 This book addresses a wide range of migration related issues in the European context and examines the socioeconomic consequences of migratory flows throughout Europe focusing on a number of emblematic European countries The book is divided into three parts The first part deals with the tension between migrants and their integration processes in the receiving country which is deeply influenced by the attitude of the local population and the different approach to highly and less skilled immigrants The second part analyses the impact of migration on the economic structure of the receiving country while the third part explores the varying degree of immigrants socioeconomic integration in the country of destination The

book offers an essential interdisciplinary contribution to the issue of migration and provides readers with a better understanding of the effects that different forms of migration have had and will continue to exert on economic and social change in host countries. It also examines migration policy issues and builds on historical and empirical case studies with policy recommendations on labour market integration and welfare policy issues. The book is addressed to a wide audience including researchers, academics and students of economics, sociology, politics and history as well as government, EU officials working on migration topics.

New Scots Tom M. Devine, 2018-06-21 First ever book length study of Scotland's immigrant communities since 1945. This is the first wide ranging cross disciplinary overview of immigration to Scotland in recent history and its impact on both the newcomers and the host society. It examines key themes relating to postwar migration by showcasing the experiences of many of Scotland's most striking immigrant communities of people arriving from England, Poland, India, Pakistan, China, the Caribbean and the African continent. *New Scots* also features analysis of asylum seekers and refugees along with Jewish and Roma migrants and includes a chapter on migrant voting patterns during the Independence Referendum of 2014. Framed in chronological, thematic and international contexts, *New Scots* offers its readers a penetrating understanding of immigration, one of the most crucial issues confronting the United Kingdom today.

The UK Regional-National Economic Problem Philip McCann, 2016-03-10 In recent years the United Kingdom has become a more and more divided society with inequality between the regions as marked as it has ever been. In a landmark analysis of the current state of Britain's regional development, Philip McCann utilises current statistics, examines historical trends and makes pertinent international comparisons to assess the state of the nation. *The UK Regional-National Economic Problem* brings attention to the highly centralised top down governance structure that the UK deploys and demonstrates that it is less

than ideally placed to rectify these inequalities The North South divide in the UK has never been greater and the rising inequalities are evident in almost all aspects of the economy including productivity incomes employment status and wealth Whilst the traditional economic dominance of London and its hinterland has continued along with relative resilience in the South West of England and Scotland in contrast the Midlands the North of England Northern Ireland and Wales lag behind by most measures of prosperity This inequality is greatly limiting national economic performance and the fact that Britain has a below average standard of living by European and OECD terms has been ignored The UK s economic and governance inequality is unlikely to be fundamentally rebalanced by the current governance and connectivity trends although this definitive study suggests that some areas of improvement are possible if they are well implemented This pivotal analysis is essential reading for postgraduate students in economics and urban studies as well as researchers and policy makers in local and central government

The Critique of Bioethical Principlism in Contrast to an African Approach to Bioethics Jude Thaddaeus Buyondo, 2024-08-16 Though some argue that bioethics in the Black African world is simply a reflection of the Western approach to bioethics this work suggests otherwise While the Western approach bioethical principlism claims to offer an absolute approach to bioethics in a universalized common morality this book argues that bioethical principlism can be complemented with African approaches to bioethics Western principlism as primarily presented by Thomas L Beauchamp and James F Childress can hardly be incarnated in the African context of bioethical problems unless it is complemented by a contextual normative understanding of African social realities realities that themselves must be enriched by bioethical principlism Without claiming to offer the last word on intercultural bioethics or disputing which bioethical approaches deserve prioritization the work interactively relies on ordinary moral experiences that are practically visible in lived social realities as well as the community realities

Snyder, 2018-01-02 Against the backdrop of China's mounting influence and North Korea's growing nuclear capability and expanding missile arsenal South Korea faces a set of strategic choices that will shape its economic prospects and national security In *South Korea at the Crossroads* Scott A. Snyder examines the trajectory of fifty years of South Korean foreign policy and offers predictions and a prescription for the future Pairing a historical perspective with a shrewd understanding of today's political landscape Snyder contends that South Korea's best strategy remains investing in a robust alliance with the United States Snyder begins with South Korea's effort in the 1960s to offset the risk of abandonment by the United States during the Vietnam War and the subsequent crisis in the alliance during the 1970s A series of shifts in South Korean foreign relations followed the Nordpolitik engagement with the Soviet Union and China at the end of the Cold War Kim Dae Jung's Sunshine Policy designed to bring North Korea into the international community trustpolitik which sought to foster diplomacy with North Korea and Japan and changes in South Korea's relationship with the United States Despite its rise as a leader in international financial development and climate change forums South Korea will likely still require the commitment of the United States to guarantee its security Although China is a tempting option Snyder argues that only the United States is both credible and capable in this role South Korea remains vulnerable relative to other regional powers in northeast Asia despite its rising profile as a middle power and it must balance the contradiction of desirable autonomy and necessary alliance
