The Differentiated Math Classroom can help make high quality differentiated instruction a classroom reality. It is the usable comprehensive resource teachers need to help students of all levels and abilities succeed with math. Whether you teach math sixty minutes a day or six periods a day, The Differentiated Math Classroom describes both the big ideas of differentiation and the day to day teaching that makes it work. Miki Murray and Jenny Jorgensen present everything you need to get started and to help all students meet national standards including ideas for Setting up a classroom to maximize opportunities for differentiation and establish community. Getting to know students' strengths and needs through high quality assessments. Devising anchor activities that help students work independently with meaningful math content while you free up time for individual instruction. Creating tiered lessons that scaffold content and provide the flexibility to challenge some students and offer assistance to others. Murray and Jorgensen offer practical ideas for planning and designing units that engage students and facilitate learning about important math concepts as well as teaching tools, questions for professional reflection, and answers to teachers' most frequently asked questions about differentiation. Discover that differentiated instruction is a flexible framework that supports all math learners. Filled with examples from real classes and samples of student work, The Differentiated Math Classroom will help every child learn more effectively by showing you how to think about students' mathematics and your teaching in powerful new ways.

District Leadership for Racial Equity Larkin Willis, Desiree Carver-Thomas, Linda Darling-Hammond, 2025-07-30. District Leadership for Racial Equity shows how transformative changes can occur across diverse districts when leaders take purposeful action in support of racial equity. Developed as part of the Racial Equity Leadership Network initiative led by Southern Education Foundation, this collection provides an opportunity for leaders to learn from district reform efforts that have reduced disparities and improved outcomes for students of color across unique contexts. The cases presented acknowledge the challenges leaders face but they also demonstrate that change is possible when leaders build will and capacity to support successful student outcomes. It examines the cases of racial equity leaders across four districts who have developed approaches that create new opportunities and outcomes for students who have been historically marginalized. District Leadership for Racial Equity is an essential resource for emerging leaders, leader practitioners, and policymakers who are committed to reducing disparities and improving outcomes for all students, especially those who are marginalized and underserved in our schools and society.
