Dante's influence shows itself in Eliot's work. Why was he unable to complete the great trilogy he seems to have sought to write based on Dante's *Inferno*, *Purgatorio*, and *Paradiso*? These questions and their answers lead to the book's final section which considers Eliot's and Dante's role in the formation of a twentieth-century concept of Europe. Incisive essays on Eliot's varied sources of tradition in his attempt to promote the idea of a European union and his anxiety over the heritage of Romanticism are capped by a magisterial contribution from Dominic Manganiello showing precisely how Eliot's reformulation of the Dantesque European Epic continues to influence the work of Anglo-European and Commonwealth writers.

De-Colonization, Heritage, and Advocacy Svanibor Pettan, Jeff Titon, 2019-02-20 The nine ethnomusicologists who contributed to this volume present a diverse range of views, approaches, and methodologies that address indigenous peoples, immigrants, and marginalized communities. Discussing participatory action research, social justice, empowerment, and critical race theory in relation to ethnomusicology, *De-Colonization, Heritage, and Advocacy* is the second of three paperback volumes derived from the original Oxford Handbook of Applied Ethnomusicology. The Handbook can be understood as an applied ethnomusicology project as a medium of getting to know the thoughts and experiences of global ethnomusicologists, of enriching general knowledge and understanding about ethnomusicologies and applied ethnomusicologies in various parts of the world, and of inspiring readers to put the accumulated knowledge, understanding, and skills into good use for the betterment of our world.

Sexuality in the Age of Shakespeare W. Reginald Rampone Jr., 2011-05-18 This book examines the important themes of sexuality, gender, love, and marriage in stage, literary, and film treatments of Shakespeare's plays. The theme of sexuality is often integral to Shakespeare's works and therefore merits a thorough exploration. *Sexuality in the Age of Shakespeare* begins with descriptions of sexuality in ancient Greece and Rome, medieval England, and early modern Europe and England, then segues into examinations of the role of sexuality in Shakespeare's plays and poetry and also in film and stage productions of his plays. The author employs various theoretical approaches to establish detailed interpretations of Shakespeare's plays and provides excerpts from several early modern marriage manuals to illustrate the typical gender roles of the time. The book concludes with bibliographies that students of Shakespeare will find invaluable for further study.

Creaturely Love Dominic Pettman, 2017-04-18 To our modern ears, the word creature has wild, musky, even monstrous connotations. And yet the terms creaturely and love taken together have traditionally been associated with theological debates around the enigmatic affection between God and His key creation, Man. In *Creaturely Love*, Dominic Pettman explores the ways in which desire makes us both more and less human. In an eminently approachable work of wide cultural reach and meticulous scholarship, Pettman undertakes an unprecedented examination of how animals shape the understanding and expression of love between people. Focusing on key figures in modern philosophy, art, and literature—Nietzsche, Salom, Rilke, Balthus, Musil, Proust, premodern texts, and fairy tales—Fourier, Fournival, Ovid, and contemporary films and online phenomena—Wendy and Lucy, Her, memes—Pettman demonstrates that from pet names to spirit animals and

allegories to analogies animals have constantly appeared in our writings and thoughts about passionate desire By following certain charismatic animals during their passage through the love letters of philosophers the romances of novelists the conceits of fables the epiphanies of poets the paradoxes of contemporary films and the digital menageries of the Internet Creaturely Love ultimately argues that in our utilization of the animal in our amorous expression we are acknowledging that what we adore in our beloveds is not only their humanity but their creatureliness
