## **Hannah More The Artist As Reformer:**

**Hannah More** Mary Anne Phemister,2014-12-11 Hannah More 1745 1833 a woman of incredible moral courage was probably the most influential female writer of her time Yet most of us have never even heard of her Born in obscurity Hannah died leaving nearly 30 000 to her charities today s equivalent of nearly 2 000 000 an unequaled amount for a woman writer two hundred years ago Her artful writings changed hearts prevented a revolution in England and paved the way for other Christian women writers The one novel she penned outsold Jane Austen s in her lifetime She challenged the moral evils of slavery and played a major role in the abolition of the slave trade Yet remarkably for two centuries Hannah More was largely overlooked by historians until in 2007 Great Britain recognized her significant humanitarian achievements as an abolitionist educator and philanthropist issuing a postage stamp in her honor for the 200th anniversary of the milestone Abolition of the Slave Trade Act The same year her character appeared in the popular film about abolitionist William Wilberforce Amazing Grace Now author Mary Anne Phemister revives the compelling story of this inspirational heroine Her thoroughly researched and highly readable biography recounts the story of what this lively Christian playwright poet novelist and tract writer accomplished despite the restrictions placed on women in her day

**The World of Hannah More** Patricia Demers,1996 History has not been kind to Hannah More This once lionized writer and activist the most influential female philanthropist of her day is now considered by many to be the embodiment of pious morality and reactionary anti feminism Largely because of her belief in separate spheres for men and women More has been vilified by modern day feminists The first biography to examine the complete range of her life and work The World of Hannah More depicts the author as a forceful voice in her own day and one who from the point of view of plain justice today deserves a more nuanced treatment

**Jane Austen's Bookshelf** Rebecca Romney,2025-02-18 From rare book dealer and guest star of the hit show Pawn Stars a page turning literary adventure that introduces readers to the women writers who inspired Jane Austen and investigates why their books have disappeared from our shelves Long before she was a rare book dealer Rebecca Romney was a devoted reader of Jane Austen She loved that Austen s books took the lives of women seriously explored relationships with wit and confidence and always allowed for the possibility of a happy ending She read and reread them often wishing Austen wrote just one more But Austen wasn t a lone genius She wrote at a time of great experimentation for women writers and clues about those women and the exceptional books they wrote are sprinkled like breadcrumbs throughout Austen s work Every character in Northanger Abbey who isn t a boor sings the praises of Ann Radcliffe The play that causes such a stir in Mansfield Park is a real one by the playwright Elizabeth Inchbald In fact the phrase pride and prejudice came from Frances Burney s second novel Cecilia The women that populated Jane Austen s bookshelf profoundly influenced her work Austen looked up to them passionately discussed their books with her friends and used an appreciation of their books as a litmus test for whether someone had good taste So where had these women gone Why hadn t Romney despite her training ever read them Or in

some cases even heard of them And why were they no longer embraced as part of the wider literary canon Jane Austen s Bookshelf investigates the disappearance of Austen s heroes women writers who were erased from the Western canon to reveal who they were what they meant to Austen and how they were forgotten Each chapter profiles a different writer including Frances Burney Ann Radcliffe Charlotte Lennox Charlotte Smith Hannah More Elizabeth Inchbald Hester Lynch Thrale Piozzi and Maria Edgeworth and recounts Romney s experience reading them finding rare copies of their works and drawing on connections between their words and Austen s Romney collects the once famed works of these forgotten writers physically recreating Austen s bookshelf and making a convincing case for why these books should be placed back on the to be read pile of all book lovers today Jane Austen s Bookshelf will encourage you to look beyond assigned reading lists question who decides what belongs there and build your very own collection of favorite novels *The Eclectic Magazine of Foreign Literature, Science, and Art* ,1882

**Mothers of the Nation** Anne K. Mellor,2000-05-22 A survey of British women s writings of the late eighteenth and early nineteenth centuries and the revolutionary New Woman they promoted British women writers were enormously influential in the creation of public opinion and political ideology during the years from 1780 to 1830 Anne Mellor demonstrates the many ways in which they attempted to shape British public policy and cultural behavior in the areas of religious and governmental reform education philanthropy and patterns of consumption She argues that the theoretical paradigm of the doctrine of the separate spheres may no longer be valid According to this view British society was divided into distinctly differentiated and gendered spheres of public versus private activities in the eighteenth and nineteenth centuries Surveying all the genres of literature drama poetry fiction non fiction prose and literary criticism Mellor shows how women writers promoted a new concept of the ideal woman as rationally educated sexually self disciplined and above all virtuous This New Woman these writers said was better suited to govern the nation than were its current fiscally irresponsible lecherous and corruptible male rulers Beginning with Hannah More Mellor argues that women writers too often dismissed as conservative or retrogressive instead promoted a revolution in cultural mores or manners She discusses writers as diverse as Elizabeth Inchbald Hannah Cowley and Joanna Baillie as Charlotte Smith Anna Barbauld and Lucy Aikin as Mary Wollstonecraft Charlotte Reeve and Anna Seward and concludes with extended analyses of Charlotte Smith s *Desmond* and Jane Austen s *Persuasion* She thus documents women writers full participation in that very discursive public sphere which Habermas so famously restricted to men of property Moreover the new career of philanthropy defined by Hannah More provided a practical means by which women of all classes could actively construct a new British civil society and thus become the mothers not only of individual households but of the nation as a whole Intellectual and social historians and not

just feminists have long believed that the late 18th and early 19th centuries in Britain saw an increasing separation of the male public and female domestic realms with the result that the public sphere theorized by Jurgen Habermas and others to have emerged in the Enlightenment almost entirely excluded women With energy wit and admirable command of her sources Mellor author of distinguished books on Romanticism demonstrates that just the opposite was true in the years around 1800 women became the primary producers and consumers of writing in Britain and vitally participated in the discursive public sphere many arguing in their different ways for what Hannah More the most popular author of the period called a moral revolution in the national manners and principles A splendid survey of women novelists poets critics playwrights and social theorists this bracing and important work of revision deserves a place in serious academic libraries serving both undergraduates and advanced scholars D L Patey Choice     The art of doing our best Halwin Caldwell, 1860     *Meliora*, 1864     **Local/Global** Janice Helland, 2017-07-05 Local Global Women Artists in the Nineteenth Century is the first book to investigate women artists working in disparate parts of the world This major new book offers a dazzling array of compelling essays on art architecture and design by leading writers Joan Kerr on art in Australia by residents migrants and visitors Ka Bo Tsang on the imperial court in China Gayatri Sinha on south Asian artists Mary Roberts on harem portraiture of the Ottoman empire Griselda Pollock on Parisian studios Lynne Walker on women patron builders in Britain S shy ghle Bhreathnach Lynch and Julie Anne Stevens on Irish women artists Ruth Phillips on souvenir art by native and settler women Janet Berlo on North American textiles Kristina Huneault on white settler identity in Canada Charmaine Nelson on neo classical sculpture in North America and Stacie Widdifield on Mexico This pioneering collection addresses issues at the heart of feminist and post colonial studies the nature of difference discrepant modernities and cross cultural encounters Written in a lively and accessible style this lavishly illustrated volume offers fresh perspectives on women art and identity It is essential reading for anyone interested in the history of women artists and the art of the nineteenth century     The Paper Garden Molly Peacock, 2011-03-29 Mary Delany was seventy two years old when she noticed a petal drop from a geranium In a flash of inspiration she picked up her scissors and cut out a paper replica of the petal inventing the art of collage It was the summer of 1772 in England During the next ten years she completed nearly a thousand cut paper botanicals which she called mosaicks so accurate that botanists still refer to them Poet biographer Molly Peacock uses close ups of these brilliant collages in The Paper Garden to track the extraordinary life of Delany friend of Swift Handel Hogarth and even Queen Charlotte and King George III How did this remarkable role model for late blooming manage it After a disastrous teenage marriage to a drunken sixty one year old squire she took control of her own life pursuing creative projects spurning suitors and gaining friends At forty three she married Jonathan Swift s friend Dr Patrick Delany and lived in Ireland in a true expression of midlife love But after twenty five years and a terrible lawsuit her husband died Sent into a netherland of mourning Mrs Delany was rescued by her friend the fabulously wealthy Duchess of Portland The Duchess introduced Delany

to the botanical adventurers of the day and a bonanza of exotic plants from Captain Cook's voyage which became the inspiration for her art. Peacock herself first saw Mrs Delany's work more than twenty years before she wrote *The Paper Garden* but like a book you know is too old for you she put the thought of the old woman away. She went on to marry and cherish the happiness of her own midlife in a parallel to Mrs Delany and by chance rediscovered the mosaics decades later. This encounter confronted the poet with her own aging and gave her and her readers a blueprint for late life flexibility, creativity and change. *Higher Education and Love* Victoria de Rijke, Andrew Peterson, Paul Gibbs, 2022-01-01 This book explicitly unites the concepts of higher education and love to examine how these concepts are mutually compatible. As the world of higher education moves towards the metrics of value and the worth of knowledge becomes more valued in its use rather than its discovery, a crisis brews. If higher education is to contribute to the wellbeing of the self and of others, then the institution needs to be radically reviewed to see if and how love contributes to higher education within and beyond its walls. This book addresses the core question of what would the university might be like today and into the future if the timeless notion of love was the basis of its educative process notwithstanding the material artefacts the university helps to create but also as a way of framing approaches to higher education. **Graham's American Monthly Magazine of Literature, Art, and Fashion**, 1855 Graham's Illustrated Magazine of Literature, Romance, Art, and Fashion, 1855 *The Art of Mary Linwood* Heidi A. Strobel, 2023-11-30 The Art of Mary Linwood is the first book on Leicester textile artist Mary Linwood 1755-1845 and catalogue of her work. When British textile artist and gallery owner Mary Linwood died in 1845 just shy of 90 years old, her estate was worth the equivalent of 5,199,822 in today's currency. As someone who made but did not sell embroidered replicas of famous artworks after artists such as Gainsborough, Reynolds, Stubbs and Morland, how did she accumulate so much money? A pioneering woman in the male-dominated art world of late Georgian Britain, Linwood established her own London gallery in 1798 that featured copies of well-known paintings by these popular artists. Featuring props and specially designed rooms for her replicas, she ensured that her visitors had an entertaining educational and kinetic tour similar to what Madame Tussaud would do one generation later. The gallery's focus on picturesque painters provided her London visitors with an idyllic imaginary journey through the countryside. Its emphasis on quintessentially British artists provided a unifying focus for a country that had recently emerged from the threat of Napoleonic invasion. This book brings to the fore Linwood's gallery guides and previously unpublished letters to her contemporaries such as Birmingham inventor Matthew Boulton and Queen Charlotte. It also includes the first and only catalogue of Linwood's extant and destroyed works. By examining Linwood's replicas and their accompanying objects through the lens of material culture, the book provides a much-needed contribution to the scholarship on women and cultural agency in the early 19th century. **The Museum of Foreign Literature,**
