isn't her best friend nagging or her former friend burning holes through her back No Her problems stem from her two year older big brother Gabriel Elijah Eli Brimble seeking to avoid her for the better part of the past year Eli has put up these constant barriers between them dictating what she can and can't say and do around him practically to the point of being ridiculous and she's tried everything to have a sensible conversation with him about it but every time she tries he willfully shuts her out After an explosive fight on the beach over her napping in his bed which ends in a lock being installed on his bedroom door she decides she's had enough of these childish games and makes it her mission to figure out what is going on with him so they can save the close knit friendship they once regarded as children before it's too late Trigger Warning This work contains dark heavy themes much like it's predecessors and some readers may find some of the content disturbing or otherwise uncomfortable If you are easily triggered you may want to avoid this fictional work Your mental health is very important so please take care of yourself AKA Don't be Belle and Eli
