Sheikh Kamal, the eldest son of Bangabandhu Sheikh Mujibur Rahman and Bangamata Fazilatunnesa Mujib, was born at Tungipara in Gopalganj district. He spent his childhood there. Kamal received his secondary education at Dhaka's BAF Shaheen school from where he passed his SSC examination. He was then admitted to Dhaka College, and after his HSC examination, he became a student at the department of sociology of Dhaka University. Kamal had a colorful life marked by liveliness and creativity. Besides his academic studies, he also pursued his passion for sports and cultural activities. He was a first division basketball and cricket player as well as a sports organizer. He was also interested in classical music, and became a student of Chhayanaut to learn Sitar under the tutelage of Ustad Ful Mohammad. Apart from Sitar, Kamal had a passion for Piano. He had a good collection of musical instruments on the second floor of their house at Dhanmondi, Road no. 32. It is well known to his friends that Sheikh Kamal used to begin his day practicing the Sitar and during the day played basketball or football or cricket. In the evening he was often seen on stage rehearsing a play. He took part in stage performance of Kabar written by prominent playwright shaheed Munir Chowdhury. Kamal was one of the founders of Dhaka theatre. He was also a founder of 'Spondon Shilpi Gosthi'— a cultural organization. And who doesn't know that Sheikh Kamal was the founder of Abahoni Krira Chokro that introduced modern football in our country.

There are interesting traits in Kamal's Character. He was the eldest son of a Prime Minister and later of a President. Yet, his life was very simple. He didn't take any advantage of his father's name and office. As he loved to spend time with his friends at Tungipara in his childhood, he loved to do the same during his college and university days. Watching good movies with them in Madhumita, Naz or Balaka cinema hall was also something that he really liked.

*Engaging Curriculum* Bill Green, 2017-09-18 Explicitly linking curriculum inquiry to English education via recurring  
themes of representation democracy and knowledge this book is a call for both researchers and practitioners to engage with  
curriculum explicitly and deliberately as both a concept and a question The approach is broadly conceptual and constitutes  
an exercise in theoretical and philosophical inquiry While deeply informed by North American debates and developments this  
book offers a distinctive counterpoint and a strategically ex centric perspective being equally informed by the curriculum  
scene in Australia as well as the UK and elsewhere Divided into two sections this book first addresses matters of general  
curriculum inquiry while the second turns more specifically to English teaching and to associated questions of language  
literacy and literature in L1 education Green brings the two together through a critical examination of the Australian national  
curriculum especially in its implications and challenges for English teaching and with due regard for the project of  
transnational curriculum inquiry *Knowledge-building* Karl Maton, Susan Hood, Suellen Shay, 2015-10-08 Education and

Knowledge building offers the first primer in this fast growing approach Through case studies of major research projects Part  
I provides practical insights into how LCT can be used to build knowledge by enabling dialogue between theory and data in  
qualitative research bringing together quantitative and qualitative methodologies in mixed methods research relating theory
