The Handbook of Language Contact Raymond Hickey, 2020-09-01 The second edition of the definitive reference on contact studies and linguistic change provides extensive new research and original case studies

Language contact is a dynamic area of contemporary linguistic research that studies how language changes when speakers of different languages interact Accessibly structured into three sections The Handbook of Language Contact explores the role of contact studies within the field of linguistics the value of contact studies for language change research and the relevance of language contact for sociolinguistics This authoritative volume presents original findings and fresh research directions from an international team of prominent experts Thirty seven specially commissioned chapters cover a broad range of topics and case studies of contact from around the world Now in its second edition this valuable reference has been extensively updated with new chapters on topics including globalization language acquisition creolization code switching and genetic classification Fresh case studies examine Romance Indo European African Mayan and many other languages in both the past and the present Addressing the major issues in the field of language contact studies this volume Includes a representative sample of individual studies which re evaluate the role of language contact in the broader context of language and society Offers 23 new chapters written by leading scholars Examines language contact in different societies including many in Africa and Asia Provides a cross section of case studies drawing on languages across the world The Handbook of Language Contact Second Edition is an indispensable resource for researchers scholars and students involved in language contact language variation and change sociolinguistics bilingualism and language theory

The Oxford Handbook of Language Contact Anthony P. Grant, 2020-01-10 Every language has been influenced in some way by other languages In many cases this influence is reflected in words which have been absorbed from other languages as the names for newer items or ideas such as perestroika manga or intifada from Russian Japanese and Arabic respectively In other cases the influence of other languages goes deeper and includes the addition of new sounds grammatical forms and idioms to the pre existing language For example English s structure has been shaped in such a way by the effects of Norse French Latin and Celtic though English is not alone in its openness to these influences Any features can potentially be transferred from one language to another if the sociolinguistic and structural circumstances allow for it Further new languages pidgins creoles and mixed languages can come into being as the result of language contact In thirty three chapters The Oxford Handbook of Language Contact examines the various forms of contact induced linguistic change and the levels of language which have provided instances of these influences In addition it provides accounts of how language contact has affected some twenty languages spoken and signed from all parts of the world Chapters are written by experts and native speakers from years of research and fieldwork Ultimately this Handbook provides an authoritative account of the possibilities and products of contact induced

linguistic change **Aleksis Kivi and/as World Literature** Douglas Robinson, 2017-03-06 Aleksis Kivi 1834 1872 is Finland's greatest writer His great 1870 novel *The Brothers Seven* has been translated 59 times into 34 languages Is he world literature or not In Aleksis Kivi and as World Literature Douglas Robinson uses this question as a wedge for exploring the nature and nurture of world literature and the contributions made by translators to it Drawing on Deleuze and Guattari's notion of major and minor literature Robinson argues that translators have mainly majoritized Kivi translated him respectfully and so created images of literary tourism that ill suit recognition as world literature Far better he insists is the impulse to minoritize to find and celebrate the minor writer in Kivi who sends the major language racing *Indirect Reports and Pragmatics in the World Languages* Alessandro Capone, Manuel García-Carpintero, Alessandra Falzone, 2018-06-19 This volume addresses the intriguing issue of indirect reports from an interdisciplinary perspective The contributors include philosophers theoretical linguists socio pragmatics and cognitive scientists The book is divided into four sections following the provenance of the authors Combining the voices from leading and emerging authors in the field it offers a detailed picture of indirect reports in the world's languages and their significance for theoretical linguistics Building on the previous book on indirect reports in this series this volume adds an empirical and cross linguistic approach that covers an impressive range of languages such as Cantonese Japanese Hebrew Persian Dutch Spanish Catalan Armenian Italian English Hungarian German Rumanian and Basque *The Medieval Changeling* Rose A. Sawyer, 2023 The first comprehensive study of medieval changelings and associated attitudes to the health and care of children in the period The changeling a monstrous creature swapped for a human child by malevolent powers is an enduring image in the popular imagination dubbing a child a changeling is traditionally understood as a way to justify the often violent rejection of a disabled or ailing infant Belief in the reality of changelings is famously attested in Stephen of Bourbon's disapproving thirteenth century account of rites at the shrine of Saint Guinefort the Holy Greyhound where sick children were brought to be cured However the focus on the St Guinefort rituals has meant some scholarly neglect of the wealth of other sources of knowledge including mystery plays and medical texts and the nuances with which the changeling motif was used in this period This interdisciplinary study considers the idea of the changeling as a cultural construct through an examination of a broad range of medical miracle and imaginative texts as well as the lives of three more conventional Saints Stephen Bartholomew and Lawrence who in their infancy were said to have been replaced by a demonic changeling The author highlights how people from all walks of life were invested in both creating and experiencing the images texts and artefacts depicting these changelings and examines societal tensions regarding infants and children their health their care and their position within the familial unit

Translator, Touretter: Avant-Garde Translation and the Touretter Sublime Douglas Robinson, 2024-07-01 Experimental translation has been surging in popularity recently with avant garde translation at the combative forefront But how to do it How to read it Translator Touretter plays on the Italian dictum *traduttore traditore* translator traitor to mobilize the affective

intensity of Tourettic tics as a practical guide to making and reading avant garde translations It smashes the theoretical literature on the sublime from Longinus to Kant into Motherless Brooklyn both the 1999 novel by Jonathan Lethem and its 2019 screen adaptation by Edward Norton in order to generate out of their collision a series of models visual aural oral and kinesthetic for avant garde literary translation

Educated Fiji English Lena Zipp,2014-02-15 This volume contains a comprehensive corpus based study of prepositional constructions in written Fiji English It explores the endo and exonormative dynamics of norm giving and norm developing varieties and contributes to our understanding of structural nativization and variety formation in a multi ethnic setting The book provides an account of the sociolinguistic development of English in Fiji against the backdrop of the country s colonial and post independence history with special focus on the Indo Fijian part of the population Drawing on the written sections of the Indian Great Britain New Zealand and preliminary Fiji components of the International Corpus of English quantitative and qualitative analyses of prepositional phenomena are conducted on the word level frequency semantic effects and stylistic variation phrase level productivity in verb particle combinations and pattern level prepositions and ing clauses The book will be relevant to scholars interested in lexico grammar variety and corpus linguistics and sociolinguistics in general

Verbs of Implicit Negation and Their Complements in the History of English Yoko Iyeiri,2010 For sale in all countries except Japan For customers in Japan please contact Yushodo Co The principal focus of this book concerns various shifts of complements which verbs of implicit negation e g forbid forbear avoid prohibit and prevent have experienced in the history of English Forbid for example was once followed by that clauses while in contemporary English it is in usual cases followed by to infinitives except in the fixed form God forbid that Although a number of English verbs have undergone similar syntactic changes the paths they have selected in their historical development are not always the same Unlike forbid the verb prevent is now followed by gerunds often with the preposition from This book describes some of the most representative paths followed by different verbs of implicit negation and reveals the major complement shifts that have occurred throughout the history of English It will be of particular interest to researchers and students specializing in English linguistics historical linguistics and corpus linguistics

[Lu Xun and World Literature](#) Xiaolu Ma,Carlos Rojas,2025-01-07 In *Lu Xun and World Literature* Xiaolu Ma Carlos Rojas and other contributors examine various aspects of Lu Xun who is known as the father of modern Chinese literature Essays in this book focus on Lu Xun s works in relation to the notions of world literature and processes of literary worlding The contributors offer detailed analyses of Lu Xun s own literary oeuvre and of foreign works that engage with his writings This volume also focuses on many facets of the publication and dissemination of Lu Xun s works from printing and binding to the discussions and debates that followed their release in China and abroad This book not only makes an important contribution to the field of Lu Xun studies but also proposes a reexamination of the category of world literature This exceptional volume sheds new and important light on the increasingly incumbent question of the relationship between the literary giant Lu Xun and world

literature Rather than dwell on how the author's work fits into some pre-existing rubric the essays in this volume explore new territory in investigating how Lu Xun's work contributes to the way in which the character of world literature itself must be continually reconstructed and reimagined Theodore D Hutters University of California Los Angeles This volume examines questions surrounding the relationship between Lu Xun world literature and the underlying processes of worlding situating his work as a writer and a translator in a global context both among and interacting with prominent international works and literary movements as well as influencing writers and readers in countries well beyond China As such it is a milestone in our understanding of this challenging always witty and engaging gadfly of the state Just as Lu Xun and His Legacy edited by Leo Ou fan Lee brought together much of the best in twentieth century scholarship on Lu Xun ours is a massive dose of good fortune to have Lu Xun and World Literature to steer us into the twenty first Jon Eugene von Kowallis University of New South Wales Sydney author of The Lyrical Lu Xun A Study of His Classical Style Verse

The Language of Public and Private Communication in a Historical Perspective Nicholas Brownlees, Gabriella Del Lungo, John Denton, 2010-04-16 This volume examines a fundamental concept of language within a historical perspective The concept is that of public and private communication the historical period ranges from the late middle ages to the late modern and the language is English In short what are the linguistic traits discursive practices communicative settings and intentions which identify and contrast public from private communication supposing it is possible to make such a fine distinction The volume contains contributions from top international scholars working in the fields of for example historical correspondence seventeenth and eighteenth century print news sixteenth century liturgy and political discourse the language of quack doctors late modern travel writing personal notebooks and even the eighteenth century public discourse of shopping As this ground breaking volume is not just about key concepts in the history of the English language but also examines at a more general level the concept of private and public communication the various chapters will interest scholars working in language and communication generally as well as English historical discourse

The Environmental Imagination Dean Hawkes, 2019-11-07 The Environmental Imagination explores the relationship between tectonics and poetics in environmental design in architecture Working thematically and chronologically from the eighteenth century to the present day this book redefines the historiography of environmental design by looking beyond conventional histories to argue that the environments within buildings are a collaboration between poetic intentions and technical means In a sequence of essays the book traces a line through works by leading architects of the nineteenth and twentieth centuries that illustrate the impact of new technologies on the conception and realisation of environments in buildings In this a consideration of the qualitative dimension of environment is added to the primarily technological narratives of other accounts In this second edition the book has been substantially rewritten and restructured to include further research conducted in the decade since the first edition A number of important buildings have been revisited in order to extend the descriptions of their environments and studies have been made of a number of newly

studied significant buildings A completely new essay offers an environmental interpretation of Luis Barrag n s magical own house in Mexico City and the earlier studies of buildings by Peter Zumthor have been gathered into a single extended essay that includes a body of new research On the fiftieth anniversary of the publication of Reyner Banham s *The Architecture of the Well tempered Environment* the book concludes with a critical tribute to that seminal text *The Environmental Imagination* will appeal to academics and practitioners with interests in the history theory and technology of architecture

Discourses of Freedom of Speech J. Rudanko, 2012-10-16 Freedom of speech is a tradition distinctive to American political culture and this book focuses on major debates and discourses that shaped this tradition It sheds fresh light on key Congressional debates in the early American Republic developing and applying an approach to fallacy theory suitable to the study of political discourse Private Concerts, 1915 *Nordic Literature* Steven P. Sondrup, Mark B. Sandberg, Thomas A. DuBois, Dan Ringgaard, 2017-12-15 *Nordic Literature* A comparative history is a multi volume comparative analysis of the literature of the Nordic region Bringing together the literature of Finland continental Scandinavia Sweden Norway Denmark and S pmi and the insular region Iceland Greenland and the Faroe Islands each volume of this three volume project adopts a new frame through which one can recognize and analyze significant clusters of literary practice This first volume *Spatial nodes* devotes its attention to the changing literary figurations of space by Nordic writers from medieval to contemporary times Organized around the depiction of various scapes and spatial practices at home and abroad this approach to Nordic literature stretches existing notions of temporally linear nationally centered literary history and allows questions of internal regional similarities and differences to emerge more strongly The productive historical contingency of the North as a literary space becomes clear in this close analysis of its literary texts and practices **The History of Medical Education in Britain**, 2020-01-29 Professional education forms a key element in the transmission of medical learning and skills in occupational solidarity and in creating and recreating the very image of the practitioner Yet the history of British medical education has hitherto been surprisingly neglected Building upon papers contributed to two conferences on the history of medical education in the early 1990s this volume presents new research and original synthesis on key aspects of medical instruction theoretical and practical from early medieval times into the present century Academic and practical aspects are equally examined and balanced attention is given to different sites of instruction be it the university or the hospital The crucial role of education in medical qualifications and professional licensing is also examined as is the part it has played in the regulation of the entry of women to the profession Contributors are Juanita Burnby W F Bynum Laurence M Geary Faye Getz Johanna Geyer Kordesch S W F Holloway Stephen Jacyna Peter Murray Jones Helen King Susan C Lawrence Irvine Loudon Margaret Pelling Godelieve Van Heteren and John Harley Warner *The Oxford Handbook of Lexicography* Philip Durkin, 2016 This volume provides concise authoritative accounts of the approaches and methodologies of modern lexicography and of the aims and qualities of its end products Leading scholars and professional lexicographers from all over

the world and representing all the main traditions and perspectives assess the state of the art in every aspect of research and practice The book is divided into four parts reflecting the main types of lexicography Part I looks at synchronic dictionaries those for the general public monolingual dictionaries for second language learners and bilingual dictionaries Part II and III are devoted to the distinctive methodologies and concerns of the historical dictionaries and specialist dictionaries respectively while chapters in Part IV examine specific topics such as description and prescription the representation of pronunciation and the practicalities of dictionary production The book ends with a chronology of the major events in the history of lexicography It will be a valuable resource for students scholars and practitioners in the field *Parametric Variation* Theresa Biberauer, 2010 Parametric variation in linguistic theory refers to the systematic grammatical variation permitted by the human language faculty This book is a defence of the parametric approach to linguistic variation set within the framework of the Minimalist Program **“The” Westminster Review**, 1893 **Reclaiming Control as a Semantic and Pragmatic Phenomenon** Patrick Duffley, 2014-10-15 This monograph is part of a growing research agenda in which semantics and pragmatics not only complement the grammar but replace it The analysis is based on the assumption that human language is not primarily about form but about form meaning pairings This runs counter to the autonomous syntax postulate underlying Landau 2013's *Control in Generative Grammar* that form must be hived off from meaning and studied separately Duffley shows control to depend on meaning in combination with inferences based on the nature of the events expressed by the matrix and complement the matrix subject the semantic relation between matrix and complement and a number of other factors The conclusions call for a reconsideration of Ariel 2010's distinction in *Defining Pragmatics* between semantics and pragmatics on the basis of cancelability many control readings are not cancelable although they are pragmatically inferred It is proposed that the line be drawn rather between what is linguistically expressed and what is not linguistically expressed but still communicated

Unveiling the Energy of Verbal Beauty: An Emotional Sojourn through **Juhani English Edition**

In a world inundated with displays and the cacophony of quick connection, the profound power and emotional resonance of verbal beauty often disappear into obscurity, eclipsed by the constant barrage of noise and distractions. However, located within the musical pages of **Juhani English Edition**, a fascinating perform of literary splendor that impulses with natural thoughts, lies an memorable trip waiting to be embarked upon. Composed by a virtuoso wordsmith, this exciting opus courses visitors on a psychological odyssey, delicately exposing the latent potential and profound affect embedded within the delicate web of language. Within the heart-wrenching expanse of the evocative analysis, we can embark upon an introspective exploration of the book is key subjects, dissect its fascinating writing style, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
