Arif and Rohit are childhood friends. Though they come from different religious background but there is very good understanding between them . After completing MBA both decided to take care of the friendship a step further and become business partners. They decided to start a wire manufacturing business . They know that the factory of wire manufacturing pollutes the environment. They are contemplating on two options . First option is to established the factory in rural area. The poor and illiterate local residents will not be aware of the adverse effects of pollution and thus Arif and Rohit can manufacture wire at low cost of production. Second option is to install an advanced pollution control plant in their factory to control the pollution by avoiding bat smoky chimneys and fulfill their social responsibility . But it will require additional cost of Rs. 1,35,000 and increase the cost of production. After lot of thinking both friends choose the second option and decided to set up their factory in the rural area with advance to pollution control plant.
