 most experienced training and supervisory personnel have collaborated to make it a complete exposition of what your duties
 as a pilot are how each duty will be performed and why it must be performed in the manner prescribed The techniques and
 procedures described in this book are standard and mandatory In this respect the manual serves the dual purpose of a
 training checklist and a working handbook Use it to make sure that you learn everything described herein Use it to study and
 review the essential facts concerning everything taught Such additional self study and review will not only advance your
 training but will alleviate the burden of your already overburdened instructors This training manual does not replace the
 Technical Orders for the airplane which will always be your primary source of information concerning the P 38 so long as you
 fly it This is essentially the textbook of the P 38 Used properly it will enable you to utilize the pertinent Technical Orders to
 even greater advantage Training Manual.PartA-1. General Considerations International Civil Aviation Organization,1975
