## **Laibach The Interrogation Machine:**

*Interrogation Machine* Alexei Monroe, 2005-10-14 Within the NSK organization are a number of divisions the best known of which is Laibach an alternative music group known for its blending of popular culture with subversive politics high art with underground provocation reflecting the political and cultural chaos of its time *Music at the Extremes* Scott A. Wilson, 2015-06-15 Away from the spotlight of the pop charts and the demands of mainstream audiences original music is still being played and audiences continue to engage with innovative artists This collection of fresh essays gathers together critical writing on such genres as Power Electronics Black Metal Neo Folk Martial Industrial Hard Core Punk and Horrorcore The contributors report from the periphery of the music world seeking to understand these new genres how fans connect with artists and how artists engage with their audiences Diverse music scenes are covered from small town New Zealand to Washington D C and Ljubljana Slovenia Artists discussed include Coil Laibach Whitehouse Insane Clown Posse Wolves in the Throne Room Turisas Tyr GG Allin and many others **The last Yugoslav generation** Ljubica Spaskovska, 2017-04-30 This promising addition to the growing literature on the history of late socialism charts the development of youth culture and politics in socialist Yugoslavia focusing on the 1980s Rather than examining the 1980s as a mere prelude to the violent collapse of the country in the 1990s the book recovers the multiplicity of political visions and cultural developments that evolved at the time and that have been largely forgotten in subsequent discussion The youth of this generation the author convincingly argues sought to rearticulate the Yugoslav socialist framework in order to reinvigorate it and democratise it rather than destroy it altogether Citizenship After Orientalism Engin F Isin, 2015-10-14 This collection offers a postcolonial critique of the ostensible superiority or originality of Western political theory and one of its fundamental concepts citizenship The chapters analyse the undoing uncovering and reinventing of citizenship as a way of investigating citizenship as political subjectivity If it has now become very difficult to imagine citizenship merely as nationality or membership in the nation state this is at least in part because of the anticolonial struggles and the project of reimagining citizenship after orientalism that they precipitated If it has become difficult to sustain the orientalist assumption the question arises how do we investigate citizenship as political subjectivity after orientalism This book was originally published as a special issue of *Citizenship Studies* *MicroBionic: Radical Electronic Music and Sound Art in the 21st Century* Thomas Bey William Bailey, 2012-12-10 Micro Bionic is an exciting survey of electronic music and sound art from cultural critic and mixed media artist Thomas Bey William Bailey This superior revised edition includes all of the original supplements neglected by the publishers of the first edition including a full index bibliography additional notes commentary and an updated discography As the title suggests the unifying theme of the book is that of musicians and sound artists taking bold leaps forward in spite of or sometimes because of their financial technological and social restrictions Some symptoms of this condition include the gigantic discography amassed by the one man project Merzbow the drama of silence enacted by onkyo

and New Berlin Minimalism the annihilating noise transmitted from the humble laptop computers of Russell Haswell and Peter Rehberg and much more besides Although the journey begins in the Industrial 1980s in order to trace how the innovations of that period have gained greater currency in the present it surveys a wide array of artists breaking ground in the 21st century with radical attitudes and techniques A healthy amount of global travel and concentrated listening have combined to make this a sophisticated yet accessible document unafraid to explore both the transgressive extremes of this culture and the more deftly concealed interstices thereof Part historical document part survival manual for the marginalized electronic musician part sociological investigation Micro Bionic is a number of different things and as such will likely generate a variety of reactions from inspiration to offense Numerous exclusive interviews with leading lights of the field were also conducted for this book William Bennett Whitehouse Peter Christopherson r i p Throbbing Gristle Coil Peter Rehberg John Duncan Francisco Lopez Carl Michael von Hausswolff Bob Ostertag Zbigniew Karkowski and many others weigh in with a diversity of thoughts and opinions that underscore the incredible diversity to be found within new electronic music itself

**The Likeness** Gretchen Bakke,2020-05-19 The Likeness is a close ethnographic study of subjectivity in the former Yugoslav republic of Slovenia In this highly imaginative work the author argues that much of what matters in Slovenia plays out on surfaces of people and things systems and locations rendering the complexity of expression external and legible but rarely unique or original Here likenesses are everywhere in bloom and powerfully deployed Moving blithely from Slovenia s most famous thinkers to its most confounding artists from grammatical categories of number to the particularities of history The Likeness explores alternative modes of self expression as postsocialist Slovenia gains visibility on the world stage

**The Routledge Handbook of Popular Music and Politics of the Balkans** Catherine Baker,2024-07-10 The Routledge Handbook of Popular Music and Politics of the Balkans is a comprehensive overview of major topics established debates and new directions in the study of popular music and politics in this region The vibrant growth of this subject area since the 1990s has been intertwined with the region s political and socio economic transformations including the collapse of state socialism in much of the region the break up of Yugoslavia the advent of neoliberal capitalism the rise of Romani activism the complex politics of Europeanization before and after the global financial crisis and the region s relationship to the European Union border regime The handbook illustrates the wide range of disciplines and methods that contribute to this field s interdisciplinary dialogue and highlights emerging approaches such as the study of Black diasporas in the region popular music s links with LGBTQ communities and the impact of digital technologies on musical cultures This volume will benefit specialist researchers tutors creating or refreshing courses on popular music in the region and students interested in these topics especially those who are at the point of developing their own independent research projects **Assimilate S.** Alexander Reed,2013-07-11 More extreme than punk industrial music revolted against the very ideas of order and reason This book traces industrial music s attitudes and practices from their earliest articulations a hundred years ago through the

genre's mid 1970s formation and beyond [Bodies, Noise and Power in Industrial Music](#) Jason Whittaker, Elizabeth Potter, 2022-03-09 This edited collection delves into the industrial music genre exploring the importance of music in sub cultural identity formation and the impact of technology on the production of music With its roots as early as the 1970s industrial music emerged as a harsh transgressive and radically charged genre The soundscape of the industrial is intense and powerful adorned with taboo images and thematically concerned with authority and control Elemental to the genre is critical engagement with configurations of the body and related power Adopting an interdisciplinary approach this collection analyses the treatment of subjects like the Body animal human machine Noise rhythmic harsh and Power authority institutions law in a variety of industrial music's elements Throughout the collection these three subjects are interrogated by examining lyrics aesthetics music videos song writing performance and audience reception The chapters have been carefully selected to produce a diverse and intersectional perspective including work on Black industrial musicians and Arabic and North African women's collaborations Rather than providing historical context the contributors interpret the finer elements of the aesthetics and discourses around physical bodies and power as expressed in the genre expanding the industrial boundary and broadening the focus beyond white European industrial music **Focus On: 100 Most Popular Grammy**

**Lifetime Achievement Award Winners** Wikipedia contributors, [Signal to Noise](#), 2005 [The Composition of Movements to Come](#) Stephen Shukaitis, 2015-12-18 How does the avant garde create spaces in everyday life that subvert regimes of economic and political control How do art aesthetics and activism inform one another And how do strategic spaces of creativity become the basis for new forms of production and governance The Composition of Movements to Come reconsiders the history and the practices of the avant garde from the Situationists to the Art Strike revolutionary Constructivism to Laibach and Neue Slowenische Kunst through an autonomist Marxist framework Moving the framework beyond an overly narrow class analysis the book explores broader questions of the changing nature of cultural labor and forms of resistance around this labor It examines a doubly articulated process of refusal the refusal of separating art from daily life and the re fusing of these antagonistic energies by capitalist production and governance This relationship opens up a new terrain for strategic thought in relation to everyday politics where the history of the avant garde is no longer separated from broader questions of political economy or movement but becomes a point around which to reorient these considerations

[Against and Beyond](#) Magdalena Cieslak, Agnieszka Rasmus, 2012-03-15 Against and Beyond Subversion and Transgression in Mass Media Popular Culture and Performance is a collection of fourteen essays by scholars representing a number of disciplines discussing transgression and subversion in film television music theatre and digital media Moving across major political and cultural movements of the 20th century the book addresses a global need for transgression and subversion in our times Applying theories of Freud Lacan Kristeva Foucault Adorno and Horkheimer Deleuze and Guattari and Butler the volume is an important contribution to understanding the mechanisms and functions of subversion and transgression in

contemporary media and popular culture and provides essential reading for all those seeking to go against and beyond

*Sounds of the Underground* Stephen Graham, 2020-03-06 In basements dingy backrooms warehouses and other neglected places around the world music is being made that doesn't fit neatly into popular or classical categories and genres whose often extreme sounds and tiny concerts hover on the fringes of these commercial and cultural mainstreams The term underground music as it's being used here connects various forms of music making that exist outside or on the fringes of mainstream institutions and culture such as noise free improvisation and extreme metal This is music that makes little money that's noisy and exploratory in sound and that's largely independent from both the market and from traditional high art institutions It sometimes exists at the fringes of these commercial and cultural institutions as for example with experimental metal or improv but for the most part it's removed from the mainstream underground as we see with noise artists such as Werewolf Jerusalem or Ramleh obscure black metal artists such as Lord Foul and improvisers such as Maggie Nicols In response to a lack of previous scholarly discussion Graham provides a cultural political and aesthetic mapping of this broad territory By outlining the historical background but focusing on the digital age the underground and its fringes can be seen as based in radical anti capitalist politics or radical aesthetics while also being tied to the political contexts and structures of late capitalism The book explores these various ideas of separation and captures through interviews and analysis a critical account of both the music and the political and cultural economy of the scene

*Music on Stage Volume III* Fiona Jane Schopf, 2019-01-24 The Music on Stage conferences are a unique engine for interdisciplinary interaction which is reflected in this compendium of the latest research by international scholars Scholars and practitioners of operas by Handel Mozart Thomas Chabrier Korngold and Taktakishvili will find new readings from hitherto unexplored contexts and contemporary fine art Also discussed is operatic lighting and the problematics of traditional lighting schemes apropos recent inventive methodologies Popular sound development of the late 1960s is highlighted through unique oral transcripts Other chapters discuss the intermediality of music and social media in the work of Brigitta Muntendorf the visual transcoding of Wagner's leitmotif technique a new theory of Affektenlehre and the art and politics of the Slovenian conceptual music collective Laibach

*Body between Materiality and Power* Nasheli Jiménez del Val, 2016-09-23 This volume situates and problematizes the points of tension implicated in diverse historical and theoretical conceptualizations of the body through a visual studies framework By proposing materiality and power as two polarities through which the body is mobilized it highlights the interstitial function of the body as a mediator between materiality and politics beyond the body soul mind dichotomy Specifically the book brings together complex analytical approaches to representations of the body in diverse media such as the visual arts television film literature architecture dance and theatre among others As a result and to highlight the interdisciplinary dimension of this collection of essays *Body between Power and Materiality* includes texts by scholars in a wide range of fields from art historians media studies experts and sociologists to literary theorists

**German Pop Music**

Uwe Schütte, 2017-01-11 The development of German pop music represents a fascinating cultural mirror to the history of post war Germany reflecting sociological changes and political developments While film studies is an already established discipline German pop music is currently emerging as a new and exciting field of academic study This pioneering companion is the first volume to provide a comprehensive overview of the subject charting the development of German pop music from the post war period Schlager to the present Diskursrock Written by acknowledged experts from Germany the UK and the US the various chapters provide overviews of pertinent genres as well as focusing on major bands such as CAN Kraftwerk or Rammstein While these acts have shaped the international profile of German pop music the volume also undertakes in depth examinations of the specific German contributions to genres such as punk industrial rap and techno The survey is concluded by an interview with the leading German pop theorist Diedrich Diederichsen The volume constitutes an indispensable companion for any student teacher and scholar in the area of German studies interested in contemporary popular culture

**Crossing Central Europe**

Helga Mitterbauer, Carrie Smith-Prei, 2017-01-01 This volume studies elements of Austro Hungarian or Central European culture that were common across linguistic national and ethnic communities and shows how some of these commonalities survived or were transformed by the turmoil of the 20th century two world wars a major depression between the wars Stalinism and the Iron Curtain

**Shifting Corporealities in**

**Contemporary Performance**

Marina Gržinić, Aneta Stojnić, 2018-10-03 This book investigates how contemporary artistic practices engage with the body and its intersection with political technological and ethical issues Departing from the relationship between corporeality and performing arts such as theater dance and performance it turns to a pluriversal understanding of embodiment that resides in the extra violent conditions of contemporary global necro capitalism in order to conduct a thorough analysis that goes beyond arts and culture It brings together theoretical academic texts by established and emerging scholars alike exposing perspectives from different fields philosophy cultural studies performance studies theater studies and dance studies as well as from different geopolitical contexts Through a series of thematic clusters the study explores the reactivation of the body as a site of a new meaning making politics
