the peace and comfort of tapping into your own spiritual connection Sharing beautiful stories and warmhearted messages this book helps you feel the love that can only come from that special place that s beyond this world More Messages from the Angels Irene Johanson,2002-09-15 As with her previous work What the Angels Need to Tell Us Now More Messages from the Angels is divided into two parts In the first section Irene Johanson gives valuable advice about the inner preparations necessary to receive angel messages in the proper way She explains how to distinguish between the different kinds of spirits and how to deal with information received from metaphysical entities in particular knowing whether such information is genuine or not She also gives advice about transforming our life of soul and the forces of thinking feeling and will In the second part Johanson presents more messages and information received from angels through her friend Agnes an individual who represents a new kind of clairvoyance Unlike mediumism or channeling Agnes s method does not entail a dimming of consciousness but has the character of clarity and wakefulness The messages received contain critical advice guidance and insight from the angels to humanity This time they speak on many contemporary issues including organ transplants genetic modification cloning mad cow disease nuclear energy evil catastrophes and disasters including 9 11 abortion population growth sudden death cyanide AIDS sexuality difficult children fear psychological warfare ecumenism democracy and human and angelic cooperation **Three Angels, One Message** John T. Anderson,2012 Now would be a good time to remember the angels instructions The Three Angels Message comprise only seven of Revelation s 404 verses a tiny percentage of what John the revelator recorded Yet as God s final warning to a world enamored with sin these cryptic messages are highly significant What exactly is God warning the world about though And how is this warning relevant to you considering what is currently happening in our world If it s so important why isn t this portion of Scripture as well known as the Ten Commandments or the golden rule Within these pages John Anderson examines individual words and phrases to decipher clues embedded in the original language and searches the Bible for the context in which each word is used His careful investigation uncovers the veiled meaning of these messages by comparing scripture with scripture and reveals just how urgent God s warning is to every human on this planet today The Angel Chronicles Gd Thompson Sr,2013-03 The time was the great rift between fallen angels as humans it was the supposed time of the great freedom when there were no rules on earth And that time was when earth wasn t even called earth It was nothing to them and something in the same moment The fallen angels almost had the same kind of planet as Aubrahteery which they gave up It was warm and lit all the time There was no darkness no coldness and no desolation Until their dark hearts took over and began to change their surroundings What the fallen angels also didn t realize was that their new home verged changing with the reality of the darkness lying in the root of their hearts The fallen angels didn t realize that darkness and negativity carried a lot more dead weight with it which is ultimately what forged the slowing planet with all the fallen angels as humans upon her surface *A Message of Hope from the Angels* Lorna Byrne,2013-10-08 Number one international bestselling author Lorna Byrne an Irish

mystic who gives hope and a sense of peace The Times UK shares the encouraging messages she receives from angels to help carry us through life's challenges Lorna Byrne sees and speaks to angels physically every day communicating with them as clearly as the rest of us see people In *A Message of Hope from the Angels* Lorna comforts and consoles us with the knowledge that no matter how alone you might feel you always have a guardian angel by your side As she writes These days I see a lot of angels holding lights in front of people helping to encourage them I see so much to be hopeful about and in this book I pass on these messages of hope Through this inspiring and uplifting book Lorna reveals how we can call on the help of angels to carry us through the difficulties that we all inevitably face including loneliness depression stress financial strain heartbreak the death of a loved one or feelings of inadequacy No matter what obstacles you encounter you can always call on the support of angels to make your life happier and more fulfilling *Third Angel's Message of Righeousness By Faith* ,1988
