

POSITIONING THE SPEAKERS

Refer to the following speaker positioning diagram. All 5 satellites should be approximately the same distance from your listening position.

- Place center speaker either directly above or below your TV screen.
- Place front left and right speakers to the left and right of TV at approximately the same height as the center speaker.
- Place rear left and right speakers either in line with, or behind your listening position, at ear level, or slightly above, when seated.
- Place subwoofer on the floor in front of the room, either next to TV or in the corner, facing your listening position.
