EXECUTIVE BIO

John Doe is a visionary business executive with more than 20 years of multi-industry experience in generating top and bottom-line growth across companies ranging from start-ups to global corporations. A flexible, dynamic leader, he has identified and guided companies to capitalize on a host of market opportunities while building capable business leaders and optimizing internal efficiency across the value chain. From delivering turnarounds to expanding globally, he has forged a legacy of sustainable business growth, revenue and profit growth, and operational excellence.

Mr. Doe is the Managing Director of K-TEC Holdings, where since 2010, he has been partnering with the executive team and board of directors to build a thriving commercial and retail group of subsidiaries and vertically-integrated businesses. Key achievements include growing commercial revenues, extending the global footprint, reducing manufacturing labor costs, increasing efficiency,

and boosting a K-TEC company's valuation, profitability, and cash flow.

Before joining K-TEC Holdings, Mr. Doe was the President of Temeck Group LLC, a restaurant franchise group. Under his leadership from 2006 to 2010, the company experienced 650% sale growth and a substantially higher return on investment in Papa Murphy's franchises.

From 2004 to 2007, Mr. Doe grew and managed broker accounts as an Account Executive at Washington Mutual in the Long Beach specialty lending group. He raised monthly net sales 420%, reached 60% market share penetration, and contributed to a 900% rise in division revenue.

As a Business Development Officer at Wells Fargo from 2001 to 2006, he managed a team of operations and sales personnel for the Private Clients Group. He also supported planning for the merger with Moore Group and was retained post-merger.

Mr. Doe holds a Bachelor of Science in Business and Administration from the University of Phoenix, and he is Certified in Advanced System Administration (ADP).

Top Notch Executive Resumes Katharine Hansen, 2008-07-15 Branded resumes that illuminate the candidate's unique value proposition and ROI are a must in today's quest for the executive suite. Top Notch Executive Resumes not only explains how to integrate branding into career marketing communication but also how to craft resumes that address your fit with the organization's mission and meet an employer's specific business needs. Hansen instructs high-level professionals in framing past accomplishments so that the employer can visualize the executive's strategic vision and industry insights as well as what he or she can contribute. Highlights of the book include: A huge collection of resume samples in cutting-edge formats organized by profession for easy navigability. Examples of a wide variety of complementary documents including leadership profiles and executive bios that top-level professionals need to round out their executive portfolios. Special additional features including the preferences and peeves of hiring decision makers, guidelines for working with recruiters, frequently asked questions, and case studies detailing complete job search marketing campaigns. Let Top Notch Executive Resumes get you into that corner office.

The Personalization Paradox Val Swisher, Regina Lynn Preciado, 2021-03-08 According to Infosys, 86% of consumers surveyed indicated that personalized content has some impact on what they purchase and 25% said that personalization plays a large role in their purchases. And yet, looking at the data, two things stand out. Most companies say that personalizing the customer experience is a critical must-have and they have the statistics to back it up. Very few companies believe they are delivering enough personalized content or deliver it well. What's holding these companies back from their personalization goals? And how can you avoid the pitfalls and make personalization possible with your own enterprise content? In this book, global content strategy expert Val Swisher and senior content strategist Regina Lynn Preciado show you exactly what it takes to deliver personalized experiences at scale. You'll learn: Why personalized content is imperative to the enterprise. Why so many companies fail to deliver and how to avoid the pitfalls. The five dimensions of content standardization. How to bring people, technology, and process together. The impact of big data and artificial intelligence. The only way to deliver personalized content at scale is to automate the process at the point of delivery. And for that to work, you've got to change how you do content. *The Personalization Paradox: Why Companies Fail and How to Succeed at Delivering Personalized Experiences at Scale* shows you how. *Personnel Literature*.
