Speed is a concept that marks our day. Sluggishness is out. Speed is demanded by industry which is constantly on look-out for new inventions. Sluggishness is penalized, especially in industries where compensation depends upon output. Speed is the attractive come-on for short-term courses in cooking, computerling, sewing, dancing, learning a new language, and others. The slower long-term courses are not so appealing. Instant coffee is usually preferred to coffee that needs to be boiled. Yes, speed is the word of the day (Gorgon, et al., 2010).

Speed is a concept that marks our time. Everybody is in a hurry to go somewhere. Industry is constantly demanding new inventions that will speed up production so that the constant cry of the bosses to the workmen is speed it up! The maker of automobiles boasts of the newest type of a car which is faster than the old model. Shoppers push and shove each other all about the counters. All are in a hurry to get something. People who are going to school, shop, or office rush breathlessly to do important tasks, they gulp their food and swallow it in haste. (Gorgon, et al., 2010).

The process of speeding up in a vehicle begins with the setting of the gear level to the first gear. This moves the vehicle from a stationary to a slow speed of about less than ten kilometers per hour (kph). Gradually you shift the gear to the next, pressing the accelerator pedal at the same time to attain a speed between 10-30 kph. You pick up more speed by shifting gears to the next higher levels at speed beyond 30 kph. To do this, however along with the shift or fourth gear, ever-increasing pressure must be exerted on the accelerator.

Poetry is a genre of literature that uses imagery, rhythm, and figurative language to convey a message. The word is derived from the Greek word *poiesis* which means 'making/make'. It is written to express one's feelings, ideas or emotions about

something or someone in creative way. Poetry is divided into three types, namely lyrical, narrative and dramatic poetry. It is distinct from other forms of literature because it is written in verse form and it tends to be more creative in the use of words, unlike prose which is written in paragraph form and is straightforward.
