Ford El Falcon:

Driving Terror Karen Robert, 2025-03-04 Driving Terror tells the story of twenty four Ford autoworkers in Argentina who were tortured and disappeared for their union activism in 1976 miraculously survived and pursued a decades long quest for truth and justice In December 2018 more than four decades after their ordeal the men won a historic human rights case against a military commander and two retired Ford Argentina executives who were convicted of crimes against humanity The book uses this David and Goliath story to explore issues of labor repression and corporate complicity with Argentina s last military dictatorship as well as to shed light on the enormous obstacles facing victims of such crimes Its emphasis on working class activism in the arenas of labor and human rights introduces North American readers to a new narrative of contemporary Argentine history The Ford survivors story intertwines with the symbolic evolution of the car the men helped build at Ford the Falcon sedan The political polarization and violence of the Cold War era transformed the Falcon from a popular family car to a tool of state terror after the coup of 1976 when it became associated with the widespread practice of disappearance Its meaning continued to evolve after the return to democracy when artists and activists used it as a symbol of military impunity during Argentina s long term struggles over justice and memory *Falcon 1996-1998* Universal Publishers, 1998 **Merchant Vessels of the United States...** United States. económico es la clave que permite descifrar los anhelos y las frustraciones de la sociedad. Por qué? Porque el factor económico no se reduce a la economía, no se limita a la producción y a la distribución de riquezas, sino que acusa la visible emergencia de nuevas formas de vida. El factor económico revela el diagrama de las mutaciones culturales. De las historias de vida de los archimillonarios al encuadre histórico de la ideología empresarial, de la puesta en escena con el mayor respeto de la literatura de autoayuda a la meditación sobre la moral y el dolor en los campos del exterminio. La empresa de vivir como los libros anteriores del autor traza una línea osada y firme e incorpora al pensamiento argentino una nueva manera de hacer las cosas. Una nueva manera capaz de abrir discusiones aparentemente concluidas o censuradas de expandir los efectos de un conflicto intelectual hacia áreas desprestigiadas o ignoradas de inaugurar una pasión para abolir la ironía autoindulgente y los entredichos ufanos. Porque logra transformar el malestar en un problema y la dificultad y el obstáculo en una interrogación crítica. La empresa de vivir es un libro decisivo. Y algo más: algo que merece nuestra gratitud o por lo menos nuestra atención porque ese libro decisivo e importante es también una investigación filosófica donde la busca de la verdad no renuncia al humor y se permite reír y hacernos reír.

Chevy SS Robert Genat, 2012-06-19. On the 1957 auto show circuit Chevrolet unveiled a show car based on its Corvette and dubbed it the Super Sport. The performance car world took one look and never looked back. A combination of styling and performance upgrades the SS package could turn something as mundane as a six cylinder Malibu into the fire breathing Chevelle SS396. This book traces the long line of legendary SS models from Chevy's Super Sport version of its popular Impala which marked the dawn of the muscle car era to today's Impala SS. Featuring the work of acclaimed photographer David Newhardt, Chevy SS: The Super Sport Story provides a close up detailed full color look at such classic muscle cars as the Chevelle, the El Camino, the Malibu and the Monte Carlo as well as today's hot Camaro SS. The book is a fittingly elegant celebration of the cars that redefined high performance and defined an era. HABITACIONES DE SOLEDAD Y MIEDO Vicente Romero, 2016-07-08. El presente libro ofrece una narración apasionada y conmovedora que describe los más erráticos comportamientos humanos en situaciones límite desde las guerras de Vietnam o Angola hasta la epidemia de ébola en Sierra Leona en 2014 y los conflictos bélicos actuales en Somalia o Siria pasando por las guerras civiles en la ex Yugoslavia o el atentado contra las Torres Gemelas. En sus páginas se revelan los entretelones del trabajo periodístico en situaciones ante las cuales el único estado de lucidez posible es la perplejidad al tiempo que se retrata una sorprendente galería de personajes cuyos comportamientos resultan patéticos incluso cómicos como la vida misma.
