conceived with the express purpose of destroying Soviet tanks the Air Force only developed it to keep funding away from the Army's response to the mission the AH 56 Cheyenne helicopter Inspired by the biography of a tank busting German pilot in World War II the engineering and design of the A 10 fell to Pierre Sprey a precocious civilian who'd enrolled at Yale when he was just 15 years old and now barely 30 was exiled to a Pentagon backwater with little if any supervision The end result was one of the finest military aircraft ever built a plane essentially constructed around a 19.5 foot 4 000 pound cannon that fired 30mm depleted uranium bullets at a blistering rate Looking like it was built from discarded airplane parts it was probably the ugliest combat aircraft ever built thus the Warthog appellation But it was also an incredibly reliable ground attack aircraft beloved by ground troops from Iraq to Afghanistan Despite repeated attempts to replace it with stealth aircraft and drones over 280 A 10s remain in service today serviced by dedicated and imaginative engineers and maintainers and defended by a fervent cohort of advocates descended from the Military Reform movement This is the story of intra service rivalries Pentagon obsessions with speed and stealth over tactical simplicity and an aircraft that shows no sign of obsolescence as it nears fifty years in service

The Governor General Cleaned My Shoes Jeanette Trefle, 2024-11-08 Even before I was born I was trying to do things my own way I made life difficult for my mother Jess who was confined to bed for the last trimester of her pregnancy I had disappointed my father Geoff by insisting that I be born a day earlier than his birthday and I had mercifully waylaid their plans to call me Elizabeth So begins my story that has me watching rockets going up at the Woomera Rocket Range beating the boys at marbles and winning the prized milky white marble with coloured orange waves nearly being run over in a toilet swimming with a snake

on my way to inspect a very dead horse setting tongues wagging in Canberra in a Commonwealth car and eliminating plastic bananas from Australia's entire eastern seaboard And yes the Governor General did clean my shoes *Greening Auto Jobs* Caleb Goods,2014-08-07 *Greening Auto Jobs* A Critical Analysis of the Green Job Solution details current and problematic understandings of what constitutes a green job Adopting an approach grounded in critical political economy this book presents a framework to scrutinize the green job solution and the theoretical framework which overwhelmingly informs contemporary green job creation efforts and ecological modernization The text also explores the tensions that encircle the world of work and environmental action often referred to as jobs versus the environment by detailing the conflicting commitments of political economic actors to the idea of green job creation These conflicts are outlined through an examination of the political economic debate that has surrounded the Australian Government's environmental plans from 2008 to 2012 and the conflicting positions of Australian trade unions on environmentally transitioning the world of work Interviews with key political economic actors provide in depth and nuanced understandings of the varied perspectives of political and union leaders in Australia The second part of the book presents a detailed case study of the posited green job solution within the specific context of the Australian automotive manufacturing industry The case study is also informed by interviews with key industry union and policymakers The automotive industry is scrutinized not only because it has expressed going green as important to its long term economic future but because the Australian Government declared that its 6.2 billion New Car Plan for a Greener Future policy would create green jobs Therefore the book engages with the task of examining the three multinational vehicle producers operating in Australia Ford GM Holden and Toyota and how they have responded and engaged with the idea of green jobs greening the manufacturing process and the vehicles they produce in Australia *The Car Show* Nicolae Sfetcu,2014-04-27 This e book details the most interesting and important characteristics of the automobiles car maintenance styling features car body style the standard classification of the cars an history of the automobiles introduction in the automotive industry and the traffic code rules and signs An automobile usually called a car an old word for carriage or a truck is a wheeled vehicle that carries its own engine Older terms include horseless carriage and motor car with motor referring to what is now usually called the engine It has seats for the driver and almost without exception for at least one passenger The automobile was hailed as an environmental improvement over horses when it was first introduced Before its introduction in New York City over 10 000 tons of manure had to be removed from the streets daily However in 2006 the automobile is one of the primary sources of worldwide air pollution and cause of substantial noise and health effects *Ford Falcon GT 1967-2004* Andrew Quinn,Ewan Kennedy,2004 History and specifications *DARE to Say No* Max Felker-Kantor,2024-04-02 With its signature DARE to keep kids off drugs slogan and iconic t shirts DARE Drug Abuse Resistance Education was the most popular drug education program of the 1980s and 1990s But behind the cultural phenomenon is the story of how DARE and other antidrug education programs brought the War on Drugs into schools and

ensured that the velvet glove of antidrug education would be backed by the iron fist of rigorous policing and harsh sentencing Max Felker Kantor has assembled the first history of DARE which began in Los Angeles in 1983 as a joint venture between the police department and the unified school district By the mid 90s it was taught in 75 percent of school districts across the United States DARE received near universal praise from parents educators police officers and politicians and left an indelible stamp on many millennial memories But the program had more nefarious ends and Felker Kantor complicates simplistic narratives of the War on Drugs He shows how policing entered US schools and framed drug use as the result of personal responsibility moral failure and poor behavior deserving of punishment rather than something deeply rooted in state retrenchment the abandonment of social service provisions and structures of social and economic inequality Old Car Auction Bible Brian Earnest,2013-11-04 Straight from the auction block Old Car Weekly s Old Car Auction Bible is your handy resource for collector vehicle auctions from all corners of the U S In it the publishers of Old Cars Weekly and Old Cars Report Price Guide have compiled more than 40 important sales from around the country that can give hobbyists a true picture of what cars are selling for and where the collector car market is headed All the big auction houses are represented Mecum Russo and Steele Barrett Jackson RM Auctions Auctions America Worlwide Bonham s Gooding and many more
