Digital Pricing Frank Frohmann, 2023-03-03 This is one of the first books to combine the current megatrend of digitalization and pricing as the most effective lever for increasing and sustaining profits The book presents the basics of digital pricing as well as modeling methods and implementation examples This structure helps in tackling the latest developments and challenges due to digitalization Readers will gain a detailed insight into using innovative revenue and price models to generate a sustainable competitive advantage for their companies The author uses his cross industry experience to draw on several examples of innovative digital pricing approaches which can be applied in industrial sectors such as automotive industrial goods and machinery as well as service sectors like telecommunications transportation and tourism The Frodo Jem Roberts, 2014-09-25 As a wise ape once observed space is big vastly hugely mind bogglingly so However if you look too closely at space it becomes nothing but lumps of rock and sundry gases Sometimes it's necessary to take a step back and let a few billion years go by before any of the true wonder and scope of the cosmos becomes apparent Similarly the late 20th century author humorist and thinker Douglas Adams was big vastly hugely and thoroughly mind bogglingly so both in physical terms and as a writer who has touched millions of readers firing up millions of cerebellums all over planet Earth for over 35 years and for nearly half of that time he hasn't even been alive It would be ridiculous to pretend that Douglas Adams's life and work has gone unexamined since his dismayingly early death at 49 but throughout the decade since the last book to tackle the subject the universes Adams created have continued to develop to beguile and expand minds and will undoubtedly do so for generations to come An all new approach to the most celebrated creation of Douglas Adams is therefore most welcome and The Frodo tells the story of Adams's explosive but agonizingly constructed fictional universe from his initial inspirations to the posthumous sequel's and adaptations bringing together a thousand tales of life as part of the British Comedy movements of the late 70s and 80s along the way With the benefit of hindsight and much time passed friends and colleagues have been interviewed for a fresh take on the man and his works **The Best Novels of the Nineties** Linda Parent Leshner, 2015-11-17 This reader's guide provides uniquely organized and up to date information on the most important and enjoyable contemporary English language novels Offering critically substantiated reading recommendations careful cross referencing and extensive indexing this book is appropriate for both the weekend reader looking for the best new mystery and the full time graduate student hoping to survey the latest in magical realism More than

1 000 titles are included each entry citing major reviews and giving a brief description for each book **Our Private County** Laurence C. Hatch, 2015-01-17 5 of Mr Hatch's best selling short stories including OUR PRIVATE COUNTRY A descriptive and light hearted tale of a family of rich motherless kids and the interesting life with their creative eccentric father Childhood delights sibling disputes mischief first loves and vacation adventures abound The narrator profiles his father with loving precision and gives us a glimpse behind the fresh and considered philosophies of a great entrepreneur LYRIC FIELDS The story of a young poet who joins an exclusive art commune developing his craft and a host of new friendships The unusual people he meets including one very unique girl alter his outlook and future CAPERNAUM The turbulent life of hard living Matthew Cosgrove and that of his respected affluent family Two Yale roomies take diverging paths in this amusing tale of moral destiny high society drama and romance FERNHILL High in the California mountains is a liberated community of odd people seeking extra measures of freedom and undisburbed eccentricity Rich characters old and young with their diverse passions and histories blend to form a culture unbound by manners deadlines and laws You are invited to meet them WOODWALK An educated man and woman meet in a city park and begin taking on condition of sharing of no names or personal facts Over a period of time they develop some trust and a rich style of communication both intellectual and in light humor The reader is given a view of their detailed conversation and occasionally serious debate all with a crisp ending www.laurencehatchpress.com published with Google Play Books *Sci-Fi Baby Names* Robert Schnakenberg, 2015-06-09 Boldly Go Where No Parent Has Gone Before Here are 500 out of this world baby names from classic science fiction movies books and television shows Choose James to honor the captain of the starship Enterprise Choose Leia or Leah to salute the sister of Luke Skywalker Choose Neo to celebrate the ultra cool messiah from The Matrix Hardcore fans can go even further with exotic names such as Barbarella Beldar Jor El and Tron just don't send us the therapy bills Arranged by category for quick reference with chapters such as Power Names Feminine Names and Intellectual Names *Sci Fi Baby Names* is a terrific gift for expecting parents and a wonderful roll call of our favorite science fiction characters

Global Politics Jenny Edkins, Maja Zehfuss, 2019-01-18 The third edition of *Global Politics A New Introduction* continues to provide a completely original way of teaching and learning about world politics The book engages directly with the issues in global politics that students are most interested in helping them to understand the key questions and theories and also to develop a critical and inquiring perspective Completely revised and updated throughout the third edition offers up to date examples engaging with the latest developments in global politics including the Syrian war and the refugee crisis fossil fuel divestment racism and Black Lives Matter citizen journalism populism and drone warfare *Global Politics* examines the most significant issues in global politics from war peacebuilding terrorism security violence nationalism and authority to poverty development postcolonialism human rights gender inequality ethnicity and what we can do to change the world offers chapters written to a common structure which is ideal for teaching and learning and features a key question an illustrative

Was It Really Like That? Gino Gammaldi, 2019-09-11 Gino Gammaldi has a clear memory of the early beginnings of his family who migrated from Italy to Australia in the mid 1950s and has tried to portray those memories in this book in a manner that is sure to engage everyone's interest Much of the earlier parts of this book are written through the eyes of a child growing up among everything that should probably relate only to those who are adult enough to cope with such hardships temptations sorrows and disappointments But as a child these elements became a part of the simple life that was as normal as anything one could imagine But in later stages Gino also remembers all the good and fun times and he portrays these beautifully and graphically through the many characters you will encounter in the two volumes of his book He brings them to life and engages the reader simply by the humour and by the special qualities that each one of these characters magnifies and how all of these experiences impacted on his own life

The (Almost) Complete Hitchhiker in Time Shawn M. Tomlinson, 2015-11-07 The Hitchhiker in Time columns were the single most popular things ever written by Shawn M Tomlinson which honestly doesn't say all that much All together they appeared in fewer than 10 newspapers between 1988 and 2001 Well multiple copies of those newspapers of course The highest circulation was approximately 40 000 so not exactly Bob Greene levels Still Tomlinson had a following with these columns and to a great extent they hold up well today Either that or Tomlinson would like to think so Many of these columns appeared in chapbooks over the years but this is the first full collection of them to be in print

Metadata Jeffrey Pomerantz, 2015-11-13 Everything we need to know about metadata the usually invisible infrastructure for information with which we interact every day When metadata became breaking news appearing in stories about surveillance by the National Security Agency many members of the public encountered this once obscure term from information science for the first time Should people be reassured that the NSA was only collecting metadata about phone calls information about the caller the recipient the time the duration the location and not recordings of the conversations themselves Or does phone call metadata reveal more than it seems In this book Jeffrey Pomerantz offers an accessible and concise introduction to metadata In the era of ubiquitous computing metadata has become infrastructural like the electrical grid or the highway system We interact with it or generate it every day It is not Pomerantz tell us just data about data It is a means by which the complexity of an object is represented in a simpler form For example the title the author and the cover art are metadata about a book When metadata does its job well it fades into the background everyone except perhaps the NSA takes it for granted Pomerantz explains what metadata is

and why it exists He distinguishes among different types of metadata descriptive administrative structural preservation and use and examines different users and uses of each type He discusses the technologies that make modern metadata possible and he speculates about metadata's future By the end of the book readers will see metadata everywhere Because Pomerantz warns us it's metadata's world and we are just living in it [Bond Guide](#) ,1982 **Unfolding the Cards** Ian Damerell,2015-03-03 These essays attempt to confront the effect of years of postmodernity and its promotion of individuality at the cost of solidarity and communal spirit In the wake of this it suggests possible frameworks for an art study that restores a certain focus on communal spirit It proposes too that art study's fragile position in contemporary society is a consequence of over commercialisation and its resultant surface values Consumerist and corporate ideology encourage the consumer individual's self realisation seemingly divorced from communal interests Within this isolation lies the potential breakdown of ethics Therefore I dream of a kinder society i.e one where we are engaged in realising the community as its citizens This is not blind obedience but in a spirit of contributing to a whole society More specifically it means allowing and to a degree maintaining art study as a sphere of possibilities for budding citizen artists It is envisaging art study as a discursive arena and creating an academic space that allows for art's main contribution the dislodging of the so called proper i.e entrenched doctrine I believe that art study can contribute to the improving of society in the main because art enacts a different sharing of the sensible [Digital Forensics and Cyber Crime](#) Sanjay Goel,Ersin Uzun,Mengjun Xie,Sumantra Sarkar,2025-05-24 The two volume set LNICST 613 and 614 constitutes the refereed post conference proceedings of the 15th EAI International Conference on Digital Forensics and Cyber Crime ICDF2C 2024 held in Dubrovnik Croatia during October 9 10 2024 The 40 full papers presented here were carefully selected and reviewed from 90 submissions These papers have been organized in the following topical sections Part I Artificial Intelligence Multimedia Forensics Intrusion Detection Intrusion and Fraud Detection Large Language Models Advances in Security and Forensics Advances in Security and Forensics Part II Security Analytics Threat Intelligence Multimedia Forensics Generative AI Emerging Threats [Guinness World Records 2018 Gamer's Edition](#) Guinness World Records,2017-09-18 From the global authority in record breaking comes the 11th edition of the world's best selling videogames annual Packed with the latest records coolest stars and the biggest games the Guinness World Records Gamer's Edition is the go to bible for every gaming fan Just ask the five million readers who've made it an international sensation Inside you'll find amazing stats thrilling facts inspirational tales lightning quick speed runs and dazzling photos Read about the records behind your favorite games including Mario Overwatch FIFA WWE and Rocket League plus recap on a year of crazy Pok mon GO stories Go behind the scenes of the world's longest running eSports organizer Spook yourself silly with real life videogame mysteries Check out the fastest videogame completions And gaze in envy at the world's largest Zelda and Tomb Raider collections You'll also meet gaming heroes such as the world's oldest games YouTuber at 81 a man with a real life cyborg arm that was inspired by Deus Ex and the kingpin of eSports fighting
