forty years Raphael Dorman O Leary a professor of English rhetoric and English literature taught his students at the University of Kansas to think straight to put sinew into their sentences and to embrace the magnificent literary treasures of their mother tongue *The English Professor* by authors Margaret R O Leary and Dennis S O Leary offers a narrative of the life work and times of a revered Midwestern university English teacher This memoir narrates how the professor born in 1866 was raised on a Kansas farm in the post bellum era Like his father before him he was committed to a life of learning and

teaching His colleagues knew him for his unpretentious exterior honesty and integrity and his flashing anger at cheapness vulgarity pretense and above all charlatanism When Professor O Leary died after a short illness in 1936 his personal effects passed through two generations to his grandson Dennis S O Leary who with his wife Margaret discovered his papers while restoring a family house The trove of material served as the core resource for the compilation of The English Professor It provides insights into the histories of Kansas and the University of Kansas and of Harvard University as well as perspectives on higher education including the teaching of English rhetoric language literature journalism and oratory in the United States

**Global Perspectives on Changing Secondhand Economies** Karen Tranberg Hansen, Jennifer Le Zotte, 2022-02-23

Providing interdisciplinary and global perspectives this book examines historical and contemporary changes in secondhand economies including the emergence and specialization of secondhand venues the materials involved as well as the cultural significance of secondhand things and the professions associated with them The objects in focus range from used clothing scrap and waste materials to antiquities and used cars thrift stores and circular economies Growing concerns with sustainability in the West have helped bring about the rediscovery of practices of clothing re use re purposing and re cycling at the same time as major high street retailers are establishing programs to return used clothing to their stores for re sale or recycling As the contributions to this edited volume demonstrate recent concerns with the fast pace and adverse effects of global commodity flows have increased the scholarly attention to secondhand economies both in terms of their history and their significance for livelihoods and sustainability The chapters in this book were originally published as a special issue of the journal Business History

**Malaysian Media Studies: Integrating Perspectives (UM Press)** Azizah Hamzah, Amira Firdaus, 2016

This edited volume revisits developments in the field of media education and media studies at a time when society is experiencing a ubiquitous networked digital media environment Rapid advances in media and communication technologies and the accompanying developments in social cultural political and economic realms pose unexpected challenges to the curricula of long established media and communication schools As opposed to rigidly structured nation based mass media systems of the past century the new global media sphere celebrates the breaking down of borders whether spatial cultural or social Today in the second half of the second decade of the 21st century this problem translates into what and how to teach students of media who in all likelihood are more adept media consumers and producers than their teachers In a region where educational institutions and educators don t transform as fast as media technologies do there is a need to problematize and to reflect upon the situation This edited volume examines critical issues related to media studies at local institutions of higher learning and includes a sampling of research charting new directions in local media scholarship Contributions to this edited volume reflect the shared concerns of media educators and researchers in Malaysia and two neighboring countries Indonesia and Thailand Three main themes underscore this volume reflecting their importance to the evolution of media education and to a certain extent research as well Historical development of media

education and training Current developments and future trajectories of media education in a globalized digital media environment Analysis of media and society

**Rare Earth Frontiers** Julie M. Klinger, 2018-01-15 Rare Earth Frontiers is a work of human geography that serves to demystify the powerful elements that make possible the miniaturization of electronics green energy and medical technologies and essential telecommunications and defense systems Julie Michelle Klinger draws attention to the fact that the rare earths we rely on most are as common as copper or lead and this means the implications of their extraction are global Klinger excavates the rich historical origins and ongoing ramifications of the quest to mine rare earths in ever more impossible places Klinger writes about the devastating damage to lives and the environment caused by the exploitation of rare earths She demonstrates in human terms how scarcity myths have been conscripted into diverse geopolitical campaigns that use rare earth mining as a pretext to capture spaces that have historically fallen beyond the grasp of centralized power These include legally and logistically forbidding locations in the Amazon Greenland and Afghanistan and on the Moon Drawing on ethnographic archival and interview data gathered in local languages and offering possible solutions to the problems it documents this book examines the production of the rare earth frontier as a place a concept and a zone of contestation sacrifice and transformation
