PHR SPHR Professional in Human Resources Certification Bundle Second Edition contains more than 900 practice questions that match those on the live exams in content, style, tone, format, and difficulty. All question types from the exams are included. You will get real world examples, professional insights, and concise explanations. This authoritative, cost effective bundle serves both as a study tool AND a valuable on the job reference for HR professionals. This bundle is 16% less expensive than purchasing the books individually. Written by a team of Human Resources experts. Combined electronic content includes 900 practice exam questions and secured PDF copies of both books.

SHRM Society for Human Resource Management Complete Study Guide Sandra M. Reed, 2021-12-06 Advance your current career or start a new one by obtaining the industry leading SHRM CP and SHRM SCP certifications. The Society for Human Resource Management (SHRM) is the world's largest professional association for Human Resources practitioners. Its certifications, while challenging to obtain, open enormous opportunities in the HR field and prove your competence and expertise in the profession. In *SHRM Society for Human Resource Management Complete Study Guide: SHRM CP Exam and SHRM SCP Exam*, veteran HR consultant Sandra M. Reed delivers a comprehensive roadmap to achieving the premier certification for global human resource professionals. You'll get access to Sybex's comprehensive study package, including an assessment test, chapter tests, practice exams, electronic flashcards, and a glossary of key terms. Discover hands-on practical exercises that prepare you for real world HR interviews and jobs as you master the technical, leadership, and business competencies you'll need to succeed on the SHRM CP and SHRM SCP Exams and in your new HR career. This book also provides fully updated information for the latest SHRM Certified Professional and Senior Certified Professional exams. Opportunities for new career transitions or advancement with a highly sought after professional certification. Access to Sybex online study tools with chapter review questions, full length practice exams, hundreds of electronic flashcards, and a glossary of key terms. Perfect for HR leaders who wish to pursue the SHRM Senior Certified Professional or SHRM Certified Professional designations, this study guide also teaches the skills required by anyone seeking to transition into an HR related role. It offers intuitive and easy to follow organization and comprehensive domain coverage, ideal for experienced and novice professionals alike.

The Best of FBR Richard Beckhard, 1996 This commemorative edition of *Family Business Review* (FBR) is on its face a compilation of some of the best academic and practical articles written in the family business field over the past decade.

Cannabis Ernest Small, 2016-10-14 Cannabis sativa is best known as the source of marijuana, the world's

most widely consumed illicit recreational drug However the plant is also extremely useful as a source of stem fiber edible seed oil and medicinal compounds all of which are undergoing extremely promising research technological applications and business investment Indeed despite its capacity for harm as a recreational drug cannabis has phenomenal potential for providing new products to benefit society and for generating extensive employment and huge profits Misguided policies until recently have prevented legitimate research on the beneficial properties of cannabis but there is now an explosion of societal scientific and political support to reappraise and remove some of the barriers to usage Unfortunately there is also a corresponding dearth of objective analysis Towards redressing the limitation of information Cannabis A Complete Guide is a comprehensive reference summarizing botanical business chemical ecological genetic historical horticultural legal and medical considerations that are critical for the wise advancement and management of cannabis in its various forms This book documents both the risks and benefits of what is indisputably one of the world s most important species The conflicting claims for medicinal virtues and toxicological vices are examined based mainly on the most recent authoritative scientific reviews The attempt is made consistently to reflect majority scientific opinion although many aspects of cannabis are controversial Aside from the relevance to specialists the general public should find the presentation attractive because of the huge interest today in marijuana Unfortunately society has become so specialized and compartmentalized that most people have limited appreciation of the importance of science to their lives except when a topic like marijuana becomes sensationalized This review of cannabis can serve as a vehicle for public education in the realm of science and technology Indeed towards the goal of disseminating the important information in this book to a wide audience the presentation is user friendly concise and well illustrated in the hope that non specialists will find the topics both informative and entertaining
