Special Operations in World War II Andrew L. Hargreaves, 2013-10-28 British and American commanders first used modern special forces in support of conventional military operations during World War II Since then although special ops have featured prominently in popular culture and media coverage of wars the academic study of irregular warfare has remained as elusive as the practitioners of special operations themselves This book is the first comprehensive study of the development application and value of Anglo American commando and special forces units during the Second World War Special forces are intensively trained specially selected military units performing unconventional and often high risk missions In this book Andrew L Hargreaves not only describes tactics and operations but also outlines the distinctions between commandos and special forces traces their evolution during the war explains how the Anglo American

alliance functioned in the creation and use of these units looks at their command and control arrangements evaluates their impact and assesses their cost effectiveness The first real impetus for the creation of British specialist formations came in the desperate summer of 1940 when having been pushed out of Europe following defeat in France and the Low Countries Britain began to turn to irregular forces in an effort to wrest back the strategic initiative from the enemy The development of special forces by the United States was also a direct consequence of defeat After Pearl Harbor Hargreaves shows the Americans found themselves in much the same position as Britain had been in 1940 shocked outnumbered and conventionally defeated they were unable to come to grips with the enemy on a large scale By the end of the war a variety of these units had overcome a multitude of evolutionary hurdles and made valuable contributions to practically every theater of operation In describing how Britain and the United States worked independently and cooperatively to invent and put into practice a fundamentally new way of waging war this book demonstrates the two nations flexibility adaptability and ability to innovate during World War II

The Ingenious Mr. Pyke Henry Hemming, 2015-05-05 The untold story of an enigmatic genius who changed warfare forever In the World War II era Geoffrey Pyke was described as one of the world's great minds to rank alongside Einstein Pyke was an inventor adventurer polymath and unlikely hero of both world wars He earned a fortune on the stock market founded an influential pre school wrote a bestseller and came up with the idea for the US and Canadian Special Forces In 1942 he convinced Winston Churchill to build an aircraft carrier out of reinforced ice Pyke escaped from a German WWI prison camp devised an ingenious plan to help the Republicans in the Spanish Civil War and launched a private attempt to avert the outbreak of the Second World War by sending into Nazi Germany a group of pollsters disguised as golfers And he may have been a Russian spy In 2009 long after Pyke's death MI5 released a mass of material suggesting that Pyke was in fact a senior official in the Soviet Comintern In 1951 papers relating to Pyke were found in the flat of Cambridge Spy Guy Burgess after his defection to Moscow MI5 had watchers follow Pyke through the bombed out streets of London his letters were opened and listening devices picked up clues to his real identity Convinced he was a Soviet agent codenamed Professor P MI5 helped to bring his career to an end Henry Hemming is the first reporter to sift through this extraordinary new information and finally tell Pyke's astonishing story in full his brilliance his flaws and his life of adventures ideas and secrets

American Cars, 1973-1980 J. "Kelly" Flory, Jr., 2012-11-14 The 1973 oil crisis forced the American automotive industry into a period of dramatic change marked by stiff foreign competition tougher product regulations and suddenly altered consumer demand With gas prices soaring and the economy in a veritable tailspin muscle cars and the massive need for speed engines of the late 60s were out and fuel efficient compacts were in By 1980 American manufacturers were churning out some of the most feature laden yet smallest and most fuel efficient cars they had ever built This exhaustive reference work details every model from each of the major American manufacturers from model years 1973 through 1980 including various captive imports e.g. Dodge's Colt built by Mitsubishi Within each model year it reports on each

Gulf War Air Power Survey: Weapons, tactics, and training and space operations, 1993 New Leaders, New Dawns? Chris Brown, David Moore, Blair Rutherford, 2022-06-17 In late 2017 and early 2018 South Africa and Zimbabwe both experienced rapid and unexpected political transitions In Zimbabwe Robert Mugabe the only leader the country had ever known was replaced in a soft coup by his erstwhile vice president Emmerson Mnangagwa Over a twelve day period in February 2018 South African president Jacob Zuma was prematurely forced from office by his former deputy president Cyril Ramaphosa The widespread popular rejoicing that accompanied their arrival compounded the shock of these sudden transitions New Leaders, New Dawns explores these political transitions and the way they were received Contributors consider how the former liberation heroes Mugabe and Zuma could have fallen so low the underlying reasons for their ouster what happened to their liberation movements turned ruling parties and perhaps most importantly what the rise to power of Ramaphosa and Mnangagwa foreshadowed Bringing together fourteen leading international scholars of southern Africa and adopting a political economy framework this volume argues that the changes in leadership are welcome but insufficient While the time had come for Zuma and Mugabe to go there is little in the personal histories or early policy actions of Ramaphosa and Mnangagwa that suggests they will be capable of addressing the profound social economic and political problems both countries face New Leaders, New Dawns reveals that despite what these new leaders may have promised a new dawn has not yet arrived in southern Africa
