Notes

Service must be carried out by qualified personnel only. Any temporary control unit or unqualified personnel during the guarantee period will void the right to guarantee.

For a correct operation of the instrument, after having switched off, be careful to wait at least 3 seconds before switching on again to respect the product's specifications. The schematic diagrams may be subject to change without prior notice.

Schematic Notes

A: All components marked by the symbol have special safety characteristics, when replacing any of these components use only manufacturer's specified parts.

The (L) means values of impedance value is inductively L. The (C) (capacitance) symbol of impedance value is capacitively C. The (R) means resistance value. All values are in Ohm unless otherwise specified. All resistors are in Ohm unless otherwise specified. All resistors shown in the "100K" position are in K. All resistors are in Ohm unless otherwise specified.
