Elizabeth Kantor Politically Incorrect Guide:

Politically Incorrect Guide to English and American Literature Elizabeth Kantor, 2006-11-13 What PC English professors don't want you to learn from Beowulf If we don't admire heroes there's something wrong with us Chaucer Chivalry has contributed enormously to women's happiness Shakespeare Some choices are inherently destructive it's just built into the nature of things Milton Our intellectual freedoms are Christian not anti-Christian in origin Jane Austen Most men would be improved if they were more patriarchal than they actually are Dickens Reformers can do more harm than the injustices they set out to reform T S Eliot Tradition is necessary to culture Flannery O'Connor Even modern American liberals aren't immune to original sin [Politically Incorrect Guide to Climate Change](#) Marc Morano, 2018-02-26 Updated to include new section on the Green New Deal The climate scare ends with this book SEAN HANNITY This book arms every citizen with a comprehensive dossier on just how science economics and politics have been distorted and corrupted in the name of saving the planet MARK LEVIN Less freedom More regulation Higher costs Make no mistake those are the surefire consequences of the modern global warming campaign waged by political and cultural elites who have long ago abandoned fact-based science for dramatic fearmongering in order to push increased central planning The Politically Incorrect Guide to Climate Change gives a voice backed by statistics real life stories and incontrovertible evidence to the millions of deplorable Americans skeptical about the multibillion dollar climate change complex whose claims have time and time again been proven wrong

[Politically Incorrect Guide to Catholicism](#) John Zmirak, 2016-09-26 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country [10 Books Every Conservative Must Read](#) Benjamin Wiker, 2010-05-25 Following up his 10 Books That Screwed Up the World author Benjamin Wiker brings you 10 Books Every Conservative Must Read Plus Four Not to Miss and One Impostor Offering a guide to some of the most important literary works of our time Wiker turns his discerning eye from the great texts that have done so much damage to Western Civilization to the great texts that could help rebuild it 10 Books Every Conservative Must Read features a range of works from classics such as Democracy in America and The Federalist and Anti-Federalist Papers to more pop classics like Sense and Sensibility and The Tempest Through these works Wiker reveals some of the most important lessons for our time as well as the true meaning of conservatism Written with an educational purpose and witty tone this is a must read for conservatives Republicans and booklovers everywhere **Where is American Literature?** Caroline F. Levander, 2013-04-16 Where is American Literature offers a spirited and compelling argument for rethinking the way we view American literature in relation to the nation while powerfully demonstrating why it continues to matter in a global age A refreshing and accessible investigation into the various locations linguistic geographical virtual ideological where American writing is produced and consumed Takes a highly original approach by viewing US literature spatially rather than chronologically or thematically retuning our understanding of the subject The book offers a vital intervention in current debates over the impact of digital

technologies on the production and reception of literature ensuring that the field remains lively and dynamic Invites readers to reconsider the subject by questioning current perspectives on and approaches to US literature offering a range of fresh perspectives on familiar texts and topics The Politically Incorrect Guide to the British Empire H. W. Crocker, III,2011-10-24 Presents an irreverent and humorous look at the four hundred year history of the British empire Hollowed Out Jeremy S. Adams,2021-08-03 Do teachers have a front row seat to America's decline Jeremy S Adams a teacher at both the high school and college levels thinks so Adams has spent decades trying to instill wisdom ambition and a love of learning in his students And yet as he notes when teachers get together they often share an arresting conclusion Something has gone terribly wrong Something essential is missing in our young people Their curiosity seems stunted their reason undeveloped their values uninformed their knowledge lacking and most worrying of all their humanity diminished Digital hermits of a sort unfamiliar to an older generation they have little interest in marriage and family They largely dismiss and are shockingly ignorant of religion They sneer at patriotism sympathize with riots and vandalism and regard American society and civilization as so radically flawed that it must be dismantled Often friendless and depressed they eat alone study alone and even socialize alone Educators like Adams see a generation slipping away The problems that have hollowed out our young people have been festering for years A year of COVID 19 lockdowns and social distancing have magnified them The result could be a generation and our nation's future lost in a miasma of alienation and stupefaction In his stunning new book Hollowed Out Jeremy S Adams reveals why students have rejected the wisdom culture and institutions of Western civilization and what we can do to win them back Poignant frightening and yet inspiring this is a book for every parent teacher and patriot concerned for our young people and our country *Politically Incorrect Guide to Real American Heroes* Brion McClanahan,2012-11-12 As presidential candidates sling dirt at each other America desperately needs a few real heroes Tragically liberal historians and educators have virtually erased traditional American heroes from history According to the Left the Founding Fathers were not noble architects of America but selfish demagogues And self made entrepreneurs like Rockefeller were robber barons and corporate polluters Instead of honoring great men from America's past kids today now idolize rock stars pro athletes and Hollywood celebrities In his new book The Politically Incorrect Guide to Real American Heroes author Brion McClanahan rescues the legendary deeds of the greatest Americans and shows why we ought to venerate heroes like Captain John Smith adventurer Daniel Boone General Robert E Lee and many more The Politically Incorrect Guide to Real American Heroes not only resuscitates America's forgotten heroes but sheds light on the Left's most cherished figures including Franklin Delano Roosevelt and the Kennedys With biting wit and devastating detail McClanahan strikes back against the multicultural narrative peddled by liberal historians who make heroes out of pop culture icons and corrupt politicians In America's hour of peril McClanahan's book is a timely and entertaining call to remember the heritage of this great nation and the heroes who built it *Politically Incorrect Guide to Jihad* William Kilpatrick,2016-09-26 A book

to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country
