By  
**JOHN DEWEY**

*Irwin Edman writes:*

"The wish has long been expressed that John Dewey would some day produce a book making clear and explicit the metaphysical basis of his singularly humane and liberalizing philosophy of life. . . . With monumental care, detail, and completeness Professor Dewey has in this volume revealed the metaphysical heart that beats its unvarying alert tempo through all his writings."

*Experience and Nature* is the great book of the foremost American philosopher. It is now offered to the general reader with a special introduction by Dr. Dewey. It is a book which should be read by every one who wants to keep abreast of the philosophical thought of our time.
